NEW "FIESTA" ZINNIA—A Beautiful New Creation—(See Page 21).

New Creations

AND SPECIAL SELECTIONS

1938 - 1939

ROUTE 5 - BOX 22 - FRESNO, CALIF.

GLADIOLUS

(Above photo taken in our test grounds)

I have been deeply interested in the improvement of gladiolus for many years. Hybridizations are made by the thousands yearly to improve this flower. I can supply any of the following colors: Rose pink, deep pink, salmon, white, scarlet, chamois, begonia rose, orchid, orange, yellow, shrimp pink, cream, spectrum red, apricot, and flesh pink. Large size bulbs at 50c per dozen; \$1.50 per 50; \$2.00 per 100. Picardy and Mammoth White at \$4.00 per 100.

HENDERSON'S NEW HYBRID BABY GLADIOLUS

A superb new race of gladiolus producing flowers in a new range of color combinations never before seen in this flower. These colors include orchid and rose; crimson and carmine; rose-ash and yellow; and many other beautiful forms. No description is adequate for these graceful gladiolus. More graceful and easily used for table decoration than the common gladiolus. \$1.00 per dozen. Mixed colors. *This new type of gladiolus will stand frosts as low as 10 degrees above zero with no ill effects on foliage. Due to this fact they will bloom in March even after a cold California winter. One month to six weeks earlier than the earliest Baby Gladiolus. Some of the hybrids are quite fragrant. Highly recommended.*

Lily of the Valley—Easily grown spring flowering bulb. Too well-known for further description. 75c per dozen; \$4.50 per 100.

King Alfred Daffodils—Finest of all golden daffodils. Large flowers borne on long stems. Large bulbs. \$1.00 per dozen. Double nosed at \$1.25 per dozen.

Zephranthes Grandiflora Rosea—Fairly lily. A very lovely summer flowering bulb. Produces from May until October an abundance of large rose-pink flowers about 3 inches in diameter on stems 12 inches long. Unexcelled for cutting. 75c per doz.

Zephranthes Alba—A pure white variety of the above. 75c per dozen.

Zinzibar officinale "Wild Ginger"—Grows to 5-6 feet high. Flowers very large to 4 inches in diameter. Pure white very fragrant. Grow in sun for best results. Fall flowering. 50 cents each.

TO MY FRIENDS AND PATRONS:

In presenting this catalog, I wish to thank my customers for their continued patronage and appreciation of my efforts. You may be assured that at all times the same high quality of the past will be maintained.

LANDSCAPING DEPARTMENT

We are well equipped to handle all branches of this service. Bring or write your planting problems to us for suggestions.

TERMS

Cash with orders or in advance of shipment. U. S. Postage stamps accepted for amounts under \$1.00 only. Prices include delivery charges prepaid anywhere in the U. S. except where noted. No plant orders accepted for less than \$1.00.

SALES TAX

California customers please include 3% extra for California State Sales tax

GUARANTEE

I exercise every care to ship only first class stock and will at all times endeavor to satisfy my customers in every way.

WM. H. HENDERSON

Fragrant Gladiolus—Tristis

Fragrant Gladiolus (Tristis) (See Above Photo)—Nocturnally fragrant, medium sized flowers. Height 2½ feet. Exceptionally hardy. Flowers cream yellow in color. Blooms in this climate about 15th of March, fully two months before common variety, and one month earlier than the earliest Baby gladiolus. More fragrant than freesias. Blooming size bulbs 12 for \$1.00, not less than 12 at this rate; 100 for \$3.50. Write for prices on larger quantities.

Cannas—Burbank's "Fire Canna." One of the largest flowered cannas in existence. Constantly in bloom. Never fails to attract attention of visitors to my gardens. Finest variety for massing purposes. Enormous clusters of bright fire-red blossoms. 4 feet high, 25c each; 3 for 60c; 12 for \$1.50. Prices on quantities on request. I offer 3 new varieties of cannas. Deep Gamboge Yellow, (4 feet) 25c each; \$1.50 per dozen. Apricot Orange (3½ feet) 25c each; \$1.50 per dozen. Deep Scarlet-Bronze Foliage (4 feet) 25c each; \$1.50 per dozen.

Watsonias

(See Above Photo)

Bugle Lilies—A South African bulbous plant similar to a gladiolus in foliage and bloom. Flowers produced in great abundance; as many as 50 have been counted on a single spike. Does not have to be replanted each year as do gladiolus. They increase in size and beauty each year. Valuable for planting in front of shrubbery to add color to the landscape. Orders for watsonias can only be filled in August while plants are dormant. Especially valuable as cut flowers as they bloom early in April. I offer 4 varieties: Rose-pink shaded with salmon, light rose-pink, pure white. These are \$1.50 per dozen. (All large flowering varieties). "Lavender Queen" New largest flowered variety in my collection; beautiful sparkling rose-lavender. 50c each.

PERUVIAN DAFFODIL

(See Above Photo)

Bulbous plant, producing for many months throughout the summer flowers resembling Amaryllis. Very sweet scented, and splendid for cutting purposes. Stems 18 inches long. Flowers are white in color, and are excellent keepers. Plant almost evergreen. 25c each; \$1.50 per dozen. Not less than 12 at this rate. Prepaid. Blooms from June to October. Proving very popular.

Crinum "White Queen"

(See Above Photo)

This beautiful variety was produced by crossing tropical species with an American native plant. Each plant bears many stems that carry large clusters of 25 or more flowers that are 5 inches in diameter. Very fragrant, and increase in size and beauty each season. Plant in full sun or partial shade. Large

bulbs. Each \$3.00; offsets \$1.00 each. Bulbs when full grown frequently weigh from 8 to 15 pounds each.

Giant Hybrid Torch Lilies

Tritoma—Beautiful evergreen grass-like foliage. Stems 3-4 feet long, producing flowers for months throughout the summer. Splendid for cutting purposes. Easily grown. Plant in groups of three for immediate effect. Plant in sun or partial shade. I offer 4 colors: Burbank's "Tower of Gold," coral, chrome, orange and yellow. 50c each; \$3.50 per 10.

Morea Bicolor—Evergreen, grasslike foliage grows to height of 3 feet. Blooms almost entire year. 3 inch cream-yellow flowers (resembles iris) conspicuously marked with three dark brown eyes. Unusually beautiful and valuable as a cut flower. 50c each.

New Crinum "Royal White"

The largest flowered variety ever grown. Blooms 7 inches across and produced on stems 30 inches long. The pure white petals are marked with a distinct soft rose pink stripe the entire length of the petals. Very fragrant. Individual petals are over 1 inch wide. Offsets only \$2.50 each.

You are cordially invited to visit the gardens at any time throughout the year.

HENDERSON'S NEW GIANT AMARYLLIS

These magnificent new creations produce some of the largest flowers known. They are seldom less than 6 inches in diameter, and frequently 14 inches. As easy to grow as Iris or Gladiolus. I especially recommend them as substitutes for tulips in warm climates as they increase in size and beauty each year. **IMPORTANT:** Do not confuse these Amaryllis with the familiar summer-blooming Amaryllis Belladonna on which the foliage dies in summer. These new creations have both foliage and flowers at the same time. Plant in full sun. Colors are white, beautifully marked and striped with crimson; ruby-red, light and dark shades of pink, scarlet and a dark velvet red. After the bulbs are established they will bloom several times a year. The largest crop of flowers is borne in spring, about the same time the Darwin tulips are in bloom. Unequalled for garden use in the West. *Plant any time.*

In form the flowers resemble gigantic lilies. For several years I have been hybridizing many varieties of this fine flower. The best obtainable stock has been secured from England, France and Germany, also the best of the Burbank strain, for this work. Several acres will be developed to this experiment during this next season. A new double-flowered form is under observation and also a yellow variety. Mixed colors, large blooming size bulbs are 75c each; \$3.00 for six; \$5.00 for 12; \$30.00 for 100. Smaller bulbs, to 3/4 inch, \$20.00 per 100; will bloom in 8 months. Prices on planting stock in quantity upon request. Selected colors at \$1.00 each. Medium size bulbs, \$3.00 per 12. Prepaid.

The velvety red Amaryllis Hyb. that I purchased from you is a beauty. I am delighted with the White Queen Crinum. It is quite similar to a large Easter Lily.

—Rev. C. W. H., Dallas, Texas.

A NEW EVERGREEN WISTERIA

Millettia Japonica (Formosa Wisteria)—A splendid evergreen flowering vine producing throughout the entire summer, long clusters of deep purple Wisteria-like flowers. Strong rootings \$1.00 each.

Polygonum auberti (Silver Fleece Vine)—A strong growing fall flowering vine, producing perfect masses of white flowers that are quite fragrant. Easily grown and disease free. 60c each.

New Henderson Originations Iris

1938

New Iris Mrs. K. S. Battelle—A very large flowered plicata with semi-flaring falls. As large as El Capitan and fully as tall. This new Iris should find a place in every Iris lovers heart. Named for an Iris enthusiast and collector who especially admired this type of which there are far too few varieties in commerce. \$2.50 each.

New Iris Copper King—A third generation offspring of a cross between El Capitan and Glowing Embers combining the enormous flowers of El Capitan with the gorgeous coloring of the latter. Very tall and altogether one of the best of copper shaded Iris in commerce today. \$1.50 each.

Mrs. G. Smith—Plicata hybrid; falls cream white edged blue. Standard same color as falls. Very large flowers, striking and rich. Flowers as large as El Capitan—Unusual size and substance. Orange beard. 36 inches in height. \$1.00 each.

Irene—Standard bright tan edged brown; falls a blood red over bronze. Very rich color effect enhanced by an orange beard; flowers large. 36 inches in height. \$1.50 each. The best and richest copper red in my collection.

Mrs. George Helm—Falls grape purple enhanced with bright orange beard. Standard deep lavender; flowers extremely large, 40 inches in height. Beautiful rich colors. \$1.50 each.

Fresno—Fall mineral red; standards clear yellow overlaid copper. Very floriferous; most effective in masses or clumps. Height 36 inches. \$1.00 each.

"Copper Sheen"—A glorious rich copper and deep peach self overlaid with a golden sheen that fairly sparkles in the sunlight. Beard beautiful orange. One of the finest iris in my entire collection. \$5.00 each.

New Iris "Lavender and Old Lace"—One of the most unique of all German iris Extremely floriferous, and grows to a height of 36 inches. Standards are soft shade of rose-lavender, falls are white, and striped their entire length with deep crimson. A cross between Pallida and Susiana. Extra vigorous. \$1.50 each.

Iris "Sunset Glow"—Burnished copper standards. Falls richest copper-red bordered with bright golden yellow. Striking combination. Large flowers. 36 inches in height, \$1.50.

NEW HENDERSON ORIGINATIONS BEARDED IRIS

"Monte Cristo"—Four and one-half inch flower. 24 inches in height. Standards buff overlaid copper rose. Falls velvety Van Dyke red. Vivid orange beard. The most beautiful and unusual iris I have ever grown. \$2.50 each.

Mrs. R. S. Heaton—Falls 3 inches wide; beard bright yellow; soft mauve blue self. 36 inches in height. Flowers very large. \$1.00 each. Exceedingly fine variety.

"San Joaquin"—Six inch flower 36 to 38 inches in height. Falls velvety carmine-lake. Standards claret rose shaded buff and silver. Bright orange red beard. Very popular with all who have seen it. \$1.00 each.

"Royal Blue"—Five inch flower vivid pure royal blue falls. Standards deep rich blue. Rich and velvety in effect. Wonderfully prolific bloomer. 38 inches in height. \$1.00 each.

Jessie Galbraith Morris—An improved Glowing Embers Hybrid possessing larger flowers and clearer colors. Falls are mahogany red 2 inches wide. Brown throat markings over a tan ground color. Standards clear golden tan. The beard is of richest orange yellow. Grows to height of 36 inches. 75c each.

Mrs. F. E. Cook—Large flowers of orchid pink; with deeper rose markings in throat; beard rich orange; beautiful and floriferous. An improved Dream hybrid. \$1.00 each.

Indian Gold—Standards light brown over soft yellow base; entire surface dusted gold; falls rich Victoria Lake red. 36 inches in height. Large flowers. Beautiful blend. \$1.00 each.

Carolyn Cory—Falls grape purple; flaring, rich yellow beard; standards rich pure blue early flowers; extremely large, 40 inches in height. \$1.00 each.

Lillian L. Rowell—Falls royal purple bordered rich delphinium blue. Standards pure bright blue. One of the most beautiful color combinations ever seen in an Iris. 36 inches in height. Floriferous. \$1.50 each.

WM. H. HENDERSON'S NEW HYBRID ORCHID FLOWERING DAHLIAS

These are the most graceful of all dahlias for cutting purposes. Height 24-36 inches. All colors, from fawn, to vermillion and scarlet and yellow. Many spotted and tigered crimson on the reverse side of petals. The tip of each is rolled or quilled. Flowers are single and range from 3-5 inches across. A bed of these gives the appearance of giant columbine or lilies. Bulbs or rooted cuttings in spring 50c each, \$5.50 per dozen. Fine cut flowers, as they are good keepers. Last fully as long when cut as the pompom types and possesses the advantages of long stems, hence they are easier to arrange. Destined to become very popular when better known. Prepaid.

Special Collection Iris

(Three of a Variety Will Be Supplied for the Price of Two)

Ambassador—Standards bronze violet; falls dark velvet maroon; orange beard, free bloomer. Height 36 inches. 25c.

Asia—Standards silvery lavender with gold base. Falls large. Late. Height 48 inches. 50c each.

Dream—The best moderately priced orchid pink self colored. Late. Height 36 inches. 25c each.

El Capitan—Manganese-violet bicolor. Very large flowers. Early. Height 48 inches. 35c each.

Firefall—Falls bordeaux red; beard yellow; standards iridescent red. Height 30 inches. 50c each.

Glowing Embers—Rich golden bronze effect. Large flowers. Free bloomer. Height 36 inches. 35c each.

Mesopotamica—Very large flowers. Lavender blue with petals crinkled as crepe paper. Height 48 inches. 35c each.

Medrano—Bronzy claret red. 30 inches in height. Beautiful. 25c each.

Mme. Gaudichau—Royal purple effect. Very rich. 36 inches in height. 25c each.

Isoline—Silvery lilac flushed yellow. Falls purplish old rose. 30 inches in height. 25c each.

Virginia Moore—Bright yellow self color; very floriferous. 24 inches in height. 25c each.

Valery Mayet—Standards coppery rose; falls bronze red. 30 inches in height. 35c each.

Valencia—Beautiful bright orange buff. 18 inches in height. 35c each.

True Delight—Cream white edged rose with rose halo. 30 inches in height. Late 25c each.

Santa Barbara—Finest pure lavender-blue with flaring falls. 40 inches in height. 25c each.

Peerless—Rich glowing mahogany red. An unusual flower 36 inches in height. 75c each.

Monnerl—Very tall pure deep golden yellow. 50-60 inches in height. 35c each.

Special Collection Offer

Value if purchased separately 17 varieties, one root each, \$5.75.

No. 1—17 varieties of above (one root each) prepaid \$3.00.

No. 2—3 roots each of above varieties (51 roots in all) properly labeled and prepaid. \$5.00.

HENDERSON'S WHITE DAHLIA

This new variety, illustrated above, has proven itself to be the most beautiful, the most distinct in form and the most prolific bloomer of any dahlia. Most people seeing this wonderful dahlia, for the first time, are likely to confuse it with the largest of the Japanese chrysanthemums. Only upon close inspection of the foliage can it be distinguished. Sixty flowers were picked from one plant during the past season. None of the blooms were less than eight inches in diameter and frequently twelve; stems aver-

aging three to five feet in length. Seems absolutely rigid. An excellent keeper surpassing the famous variety "Jersey Beauty" in that quality. Color is pure white, with a cream yellow center. Price \$1.00 each; three for \$2.50.

Henderson's White Dahlia

Single bloom showing form on left. Field view below showing a plant 8 months old from a rooted cutting.

Rooted cuttings are highly recommended and will give excellent blooms as quickly as tubers. At end of season bulbs will have formed for the following year's stock.

DAHLIAS

NEW VARIETIES

Garden of the Sun—Enormous, formal, decorative. Stems rigid, pure vivid golden yellow. Rooted cuttings only. \$1.50 each. Height 4 feet.

"Militaire"—Perfect, informal, decorative. 8 inches in diameter. Fire-scarlet. \$1.00 each.

"Senator Herbert W. Slater"—Chrysanthemum flowered. Lilac in color, 8 inches in diameter. \$1.50.

"Minarets"—Informal, pure white, 12 inches in diameter. Perfect stems. \$1.00 each.

Orchid Wonder—Informal, decorative, with orchid-pink flowers. 12 inches in diameter. \$1.50 each.

"California Gold"—Pure deep golden yellow flowers 12 inches in diameter. Largest and most perfect of this color that I have seen. \$1.50 each.

"Captain Blood"—Extra large, deepest velvet-red shaded with dark maroon toward tips of petals. \$2.00 each.

Spring Flowering Bulbs

Ranunculus Hybrids—Easily grown producing over a long period, double and semi-double flowers, on long stems. Admirable for cutting purposes. Plant from September to February. The strain offered is composed of a good mixture of colors and is one of the best in commerce. Large bulbs, 35 cents per dozen. \$2.50 per 100. Smaller at \$1.00 per 100. Prepaid.

Anemone St. Brigid—Semi-double and singles in a well balanced mixture. Same prices as Ranunculus.

Rhododendron

Rhododendron Hybrids—Grown from seeds of a very fine collection. Many valuable new types and varieties of colors will be found among these. An inexpensive way to start a fine collection of this beautiful flower. Strong 3 year old stock. 50 cents each, prepaid.

Rhododendron ponticum—Hardy vigorous grower, large glossy foliage. Pink to lavender blossoms. 15 to 18 inches at \$2.00; 3 to 4 feet at \$3.50. Not prepaid.

Rhododendron White. 12 to 15 inches \$1.00 each.

Selected Bearded Iris

Easter Morn—An exquisite pure white iris with flaring falls. The finest white on the market. \$1.00 each.

Jean Cayeaux—Magnificent new Havana or coffee brown iris. Large flowers. \$2.00 each.

Happy Days—A fine new pure yellow as large as El Capitan. \$2.50 each. Truly a beauty.

Depute Nonblot—One of the world's most unusual iris. Standards rosy purple overlaid bronze; falls very wide and of a garnet red color. Deep bronze beard. 4 feet in height. 75c each.

California Gold—The deepest of all yellows with exceptionally large flowers. Will not fade. \$3.00 each.

Purissima—Very attractive, new, white. Large flowers. Profuse bloomer. 50c each.

Freida Mohr—Extra large flowers. Orchid-pink effect. 40 inches high. 35c each.

Gobein Red—Actually blood red; wonderful color, 30 inches high. 50c each.

San Diego—Greatly improved Gaudichau. Falls flaring 36 inches high. 50c each.

Piue de Or—Best golden yellow self color. 36 inches high. 50c each.

Clara Noyes—Blend of apricot and peach tones; large flowers. 36 inches. 50c each.

Iris Monneri

(See Above Photo)

This beautiful iris grows over 4 feet in height. The flowers are deep golden yellow. One of the finest cut flowers of the entire iris family. The stems are long and many leaves may be cut after the manner of gladiolus. Flowers resemble Spanish iris, but are four times their size. Beardless type. Plant in full sun or partial shade. Blooming season longer than bearded iris. Plant from August to January. 35c each; 85c for 3; \$2.00 for 12. Write for prices on larger quantities.

Iris—Not labeled, mixed colors for massing purposes. \$4.00 per 100, F. O. B. Fresno. No charge for packing.

IRIS SPECIES

Louisiana Vioilpurpurea (Small)—Deep claret purple with Gold center. Hardy in the north. 3 feet. Plant July-October. \$1.00 each.

Louisiana Vinicolor (Small)—Deep claret purple with gold center. Hardy. 3 feet. \$2.50 each.

Louisiana Gigantea Coerulea (Small)—Bright violet blue. Flowers marked with yellow center. 4 feet. Hardy. \$1.50 each.

Louisiana Fuiva—Terra cotta or brick red. 36 inches in height. \$1.00 each.

The above species are among the most beautifully colored iris ever seen. They are not excelled by any other type of iris.

I am at present interested in hybridizing various beardless types of iris native to Louisiana. For grace of form and richness of color these are unsurpassed. They have a great future, and when better known will be even more popular than our best German iris.

SPECIAL COLLECTION of above Louisiana types in mixed colors selected hybrids, \$2.50 per dozen.

Iris Stylosa—Plants are low growing; foliage long grass-like leaves. Winter bloomer. Sometimes known as Xmas Iris. Flowers deep lavender blue with orange tongue. Very fragrant. Starts blooming in September on Pacific Coast. Plant early in spring. Beardless. 25c each; 60c for 3; \$2.25 for 12.

FLOWERING VINES

Confederate Jasmine—Star-shaped flower; pure white—very fragrant. Foliage thick and glossy. Evergreen vine blooming most of the summer. Gallon cans, 85c.

Bignonia Violacea—Evergreen Trumpet vine flowers large, orchid, pink, yellow center. Foliage glossy. One of the most beautiful flowering vines. 75c each.

Aristolochia—Dutchman's Pipe—a tall high, climbing hardy vine, widely cultivated for its fine foliage. Leaves roundish or kidney shaped. 6 to 14 inches wide. Flowers are yellowish brown shaped like a pipe. Good for quickly covering unsightly objects with great speed. 50c each.

Thunbergia gibsoni—Beautiful climbing or trailing vine blooming through entire summer. Produces large flowers to 1½ inches across of the most vivid orange of all flowers known. 50 cents each. Prepaid. Not hardy below 28 degrees.

New Climbing Senecio—A tender rapid growing vine blooming throughout summer into fall. Flowers about 2½ inches across of brilliant copper scarlet, daisy like in form. One of the most beautiful flowering vines known and should be in every garden. Produces large clusters of bloom. Plant in full sun. Protect from frost. \$1.00 each. Prepaid. Ready in April.

Mandevillea (Chilean Jasmine)—A handsome summer flowering vine with large 2-inch blossoms of pure waxy white. Intense jasmine fragrance. Foliage large and very attractive. Highly recommended. 75c each.

Jasminum stephanense—An extremely rapid growing vine producing quantities of lavender pink very fragrant flowers. One of the most rapid growing of all vines and highly desirable for quickly covering trellises or unsightly objects. 50 cents each.

Hydrangea petiolaris—Climbing Hydrangea. Attractive self clinging vine. Flat loose clusters of fragrant white flowers averaging 5 inches across. Good on stone or brick walls. 75 cents. Prepaid.

Wisteria—Double violet blue. Grafted vines of the best varieties of Wisteria. The double variety is especially recommended for the longer lasting qualities of the blooms. 2 year grafted \$7.00. Also single purple and single pink flowering varieties. Prepaid.

Clematis Species

Clematis paniculata—Japanese flowering clematis. When in bloom in the fall the vine is completely covered with white very fragrant flowers. Racemes of blooms often 5 feet long. A very fast growing hardy vine. 2 year \$1.00. Prepaid.

Clematis montana rubens—A rapid growing vine to 20 feet. Flowers produced in masses in early spring. 2 to 3 inches in diameter. Pink in color. Beautiful spring flowering vine. 75 cents each.

Clematis tangutica (Golden Clematis)—A very beautiful fast growing vine producing golden yellow flowers in late summer and fall. 75 cents. Prepaid.

A New Bignonia Grandiflora

(See Above Photo)

A very rare giant flowering trumpet vine bearing many apricot pink and orange flowers that are from 3-4 inches in diameter. Flower are borne in immense clusters and will average over 100 to a single cluster. Quick grower. Hardy anywhere. Strong grafted plants ready from December to April 1st. In bloom all summer. Two sizes, 2 year grafts, \$1.50; 3 year grafts, \$2.00 each.

Henderson's Hybrid Giant Hibiscus

(Field View Above)

This new hibiscus can be grown anywhere; absolutely hardy. The flowers are enormous in size measuring from six to ten inches across, and when established will bloom from May to November. In winter the plants die, but the roots sprout again each spring, being perennial in nature. Healthy and vigorous and will thrive in any soil. Plant with shrubbery. Colors range from snow white through all shades of pink, red orchid, scarlet and maroon. Mixed colors 50c each root; \$5.00 per 12. Selected colors, \$1.00 each. These grow about 3½ to 4½ feet high.

New Hibiscus for 1938-39

The following named varieties of hibiscus are offered as the most beautiful in my entire collection. Over twenty thousand hybrids have been grown and tested during a period of ten years and these are offered as the very finest.

Giant Old Rose—One of the largest flowered varieties in our collection. 10 to 12 inch blooms of soft old rose throughout. Early bloomer. \$1.00.

"Raven"—Easily the most beautiful. Deep maroon semi-ruffled petals of heavy substance. The darkest of all reds so far produced. Flowers 7 to 8 inches in diameter. \$2.50 each.

Mahogany—Semi-fluted petals of mahogany red throughout. Beautiful flowers to 7 inches in diameter. \$1.00.

Draw String—Petals of very heavy substance. Color flesh pink heavily veined rose red. A most unusual variety, tips of petals semi-ruffled and incurved draw string fashion. Flowers to 8 inches in diameter. \$1.00 each.

New Ruffled Raspberry Rose—A most beautiful ruffled like crepe. Richest raspberry rose with small eye of burgundy red. Wonderfully beautiful. \$2.00, each.

New Improved Fresno—A glorified Fresno possessing richer color throughout. Individual petals over 5 inches across. Petals imbricated. Flowers measure 10 to 12 inches across. \$2.50 each. Largest flowered of all my hybrids.

Giant White—Enormous pure white with small rose colored center. Petals faintly tipped rose. The largest near pure white in our collection. \$2.00 each.

Hibiscus "Formal White"—Heavy petaled, pure white semi-ruffled round formed flower with deep red center. \$1.00 each.

"Pearl"—Pure white flower very faintly blushed soft delicate rose. Most unusual and entirely new break, because of lack of contrasting eye or center. The nearest to a pure white. Flowers 6 to 7 inches in diameter. \$2.00 each.

"Crimson Wonder"—A magnificent flower over 10 inches in diameter. Is an intense crimson color. \$1.50 each.

"Satan"—The nearest approach to a true velvet red. Flowers 8 inches in diameter. Its beauty is entranced by shadings of deeper maroon. \$2.50 each.

"Clown"—Very difficult to describe. The blooms have the appearance of having been hand painted. Color is flesh pink over ivory white. The ends of petals are blotched claret rose for at least ⅓ of their length. The later color bleeds through the lighter zone to a deep red center. \$2.00 each. 9 inch blooms.

"Fresno"—Nine inch flowers of satin pink overlaid with silver. An indescribably beautiful variety. Individual petals 4 inches broad. Possesses a Burgundy red center. \$1.00 each. The finest self-colored pink ever grown.

New Ruffled White Hibiscus—Enormous 10 inch blooms beautifully ruffled petals of pure white with a center of dark red. The most beautiful and sensational white hibiscus ever grown. \$2.50 each.

"Improved Radiation"—A larger and more vividly colored "Radiation." Individual petals 5½ inches broad. Flowers 11 inches across. Red veins more prominent and a more richly colored center. \$2.00.

"Wm. H. Henderson"—Very new and unusual color crushed raspberry red with very distinct stripes of deep red with rich dark center. Blooms are 7 inches in diameter. Individual petals 3½ inches broad. One of the most floriferous varieties. Not one of the largest, but one of the loveliest ever produced. \$1.50 each.

"Mammoth White"—Eleven inch flowers purest white faintly striped with soft rose. The center is rich velvety red. One of the most beautiful in entire collection. \$1.50 each.

"Silver Rose"—Richest raspberry rose overlaid silver and striped with deeper rose. Center of the very richest dark red. Flowers 9 to 10 inches in diameter. \$2.50 each.

"Radiation"—Wonderful 9-inch flowers of satin pink striped with many lines of rose-red radiating from a center of richest velvet red. Individual petals 4¾ inches broad. \$1.00 each.

"Poinsettia"—Very large 10-inch flowers of gorgeous cerise red, self colored variety. Prolific bloomer and one of the most brilliant ever shown. \$1.00 each.

CULTURAL DIRECTIONS

Plant in full sun—No cultivation. Cover eyes on roots about one inch deep and stake. They will not sprout until weather becomes settled and warm in spring. These Hibiscus require good drainage and moderate water supply.

During the past year we have made extensive trips throughout the state of California in an effort to personally contact our many friends and customers. We shall endeavor this coming year to meet even more of you this way. By these meetings it has been possible to perhaps offer a few suggestions and to be of a little assistance with your garden problems. Feel free to write us at any time if you have any garden questions.

We hold exhibits during the year in Southern California. This enables our many friends in this area to see the newer creations first-hand. We will be glad to add the names of those interested to our mailing list to receive notices. These shows are held at 399 South Euclid Ave. in Pasadena.

The Hibiscus has been received throughout the nation with unbounded enthusiasm. They were written up by Sunset Magazine in December, 1936; Garden Quarterly, 1936 and by many other publications during the past year.

Wm. H. Henderson's New Giant Hybrid Hibiscus

The Hibiscus offered were developed from a hardy longlived branch of the Hibiscus family. They are resistant to extreme cold and can be grown in the colder sections of the U. S. They require no winter protection of any kind. Only the simplest culture is needed. I can recommend them very highly for long and colorful display in the garden. All plants bloom well the first year planted.

Testimonial from a satisfied customer: "Just a line to tell you of the Hibiscus root I purchased from you this Spring. To date, Sept. 1st, I have picked 215 blooms from the bush. Each bloom measured from 8 to 10 inches in diameter. The root was planted March 1st.—Mrs. E. T. S."

SEE ILLUSTRATION IN NATURAL COLORS
ON REAR COVER

Rare Hybrid Clematis

(See Above Photo)

Among the world's finest flowering vines. Produces very large, attractive flowers from May to the November frosts. Very hardy; withstanding temperatures with perfect safety to 10 below zero. Will grow equally as well in part shade as in full sun. Flowers long lasting and useful for bouquets. No cultivation needed. Need plenty of water and good drainage. Acid soils not recommended. These are excellent for a very long season of bloom (surpassing even the hybrid tea roses in this respect). All plants offered will bloom well first year planted.

New Imported Hybrid Clematis

These flowering vines are creating such an interest among gardeners that we have imported from England the finest varieties available in that country. They are now available for distribution.

NOTE—Aside from their value as flowering vines for general garden use, clematis make beautiful pot plants when grown in large pots or tubs. We cannot recommend a more beautiful and long blooming vine for gardens generally throughout the United States.

Dutchess of Albany—A beautiful bright pink Jackmani X coccinea hybrid. Vigorous and the best of all pink varieties. \$1.00 each. Prepaid.

Countess of Onslow—Bright violet purple with a band of scarlet along each sepal. A very vigorous and hardy variety. A hybrid of Jackmani and coccinea. Produces long racemes of flowers frequently 3 feet in length over entire summer season. \$1.50 each. Prepaid.

Lord Neville—A very large flower of deepest plum purple almost royal purple. Easily the best of Jackmani hybrids of deeper shades. \$2.00 each.

NEW CORAL SHRUB

(Illustrated in Color Above)

Handsome shrub blooming throughout the summer months. Creates a sensation when in bloom. Flowers are borne in huge panicles ranging from 2-2½ feet long and about 8 inches across. Color is scarlet enhanced by a center zone of jet black. Grows to height of about 6 feet. Very graceful. One of the most beautiful and spectacular of all shrubs. Withstands temperatures as low as 10 degrees above zero. Strong roots for \$1.00. An excellent plant for a tub in the eastern states.

Clematis Ramona—Deep sky blue flowers. Unusually large 9-10 inches across. Vigorous habit and free flowering. \$1.00 each.

Clematis Jackmani—Large flowers 5-6 inches across. Petals very broad. Velvety purple. 75c each.

Clematis Henryl—Robust plant, free bloomer. White. Flowers to 8 inches in diameter. 75c each.

Clematis Dutchess of Edinburgh—Beautiful double white. Petals attractively arranged and imbricated. 75c each.

Clematis Mme. Edouard Andre—A deep crimson, flowers 5-6 inches in diameter. 75c each.

Clematis Mme. Baron Veillard—Extra vigorous type. Free bloomer. Very large light rose flowers. 75c each.

Oak Leaved Hydrangea

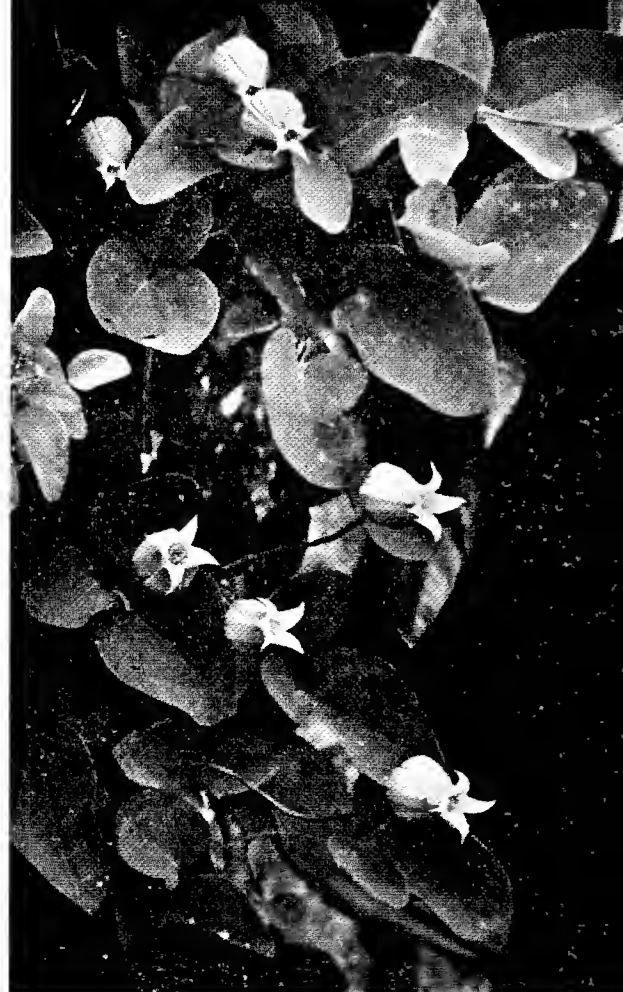

Hydrangea Quercifolia (Oak Leaved Hydrangea)—Shrub to 6 feet high. Produces in spring enormous panicles 6 inches wide. 10 to 12 inches long of cream-yellow flowers. Foliage large and attractive, turns yellow and scarlet in the fall. Will stand full sun. One of the finest of all flowering shrubs. \$1.25 each. Very hardy. Prepaid.

New Flowering Maple

Abutilon "Vesuvius"—A remarkable new variety producing over the entire summer enormous blood red flowers that are more showy than ordinary varieties because they are more open. Strong plants in gallons. \$2.00. Not Prepaid.

CLEMATIS DUCHESS OF EDINBURGH (See Page 9)

Clematis Coccinea

(See Above Photo)

NEW EVERGREEN CLEMATIS

Clematis Armandii grandiflora—Evergreen climber very vigorous. Producing its large 2 inch blooms of pure waxy white in such profusion as to almost completely cover the plant. Foliage glossy dark green frequently with leaves 6 to 8 inches in length. Flowers very fragrant. Certainly the most beautiful evergreen flowering vine in existence. Destined to a popularity beyond comprehension when better known. Flowers in early spring. Large plants \$2.50 each. Smaller size \$1.50 each.

Hardy Evergreen Azalea

Azalea hlnodeglra—Most easily grown of all evergreen Azaleas producing bright red blossoms in such profusion as to cover entire plant. Blooms last longer in good condition on plant than any other type of Azalea. Grows to 3 feet. 3 inch pot 50 cents. Prepaid. Larger, balled 12 to 15" \$1.50. Not Prepaid.

New Azaleas

Azalea macrantha "The Rose"—A new dwarf form not exceeding 24 inches in height. Semi-double flowers 1½ to 2 inches across. Buds resemble perfect rose buds when half open. Color coral rose. One of the most remarkable of all Azaleas. Blooms from December intermittently to the first of June. 6 inch pot plant, \$1.25 with flower and buds.

Azalea Altaclarensis—Beautiful selected form. Flowers golden yellow with orange centers. Clusters are large reminding one of a yellow rhododendron. Fragrant. Easily grown in part shade. Foliage is yellow and scarlet in winter. Augments the beauty of any garden. 18 to 24 inches, \$2.25; 12 inches, \$1.50; 8-10 inches, 75c each. Prepaid.

Azalea Mollis—Orange, apricot and yellow flowers borne in great profusion. Very fragrant. Medium size shrubs preferring partial shade. 75c each with bloom buds. Prepaid.

Azalea Schluppenbachl-Royal Azalea—Beautiful rose pink flowers, 3 inches in diameter. Largest flower of this species. Plant in partial shade. (10 to 12 inches branched). \$1.50 each. Prepaid.

Azalea Calendulacea—The flame azalea of the south. Perfectly hardy and easily grown. Plant in partial shade in moist soil. The most beautiful of all American azaleas. Color orange salmon. Height 12 to 15 inches. 75c prepaid.

A very hardy rapid growing herbaceous vine to 20 feet. Blooms throughout the entire summer. Flowers are urn shaped; about 1 inch in diameter and 2 inches long of brightest vermillion. Inside of flower is intense golden shade. One of the most graceful and attractive flowering vines I have ever seen. Must be planted in sun for best results. Strong roots. 75c each.

Evergreen Rock Garden Plants

Thymus coccineus (Crimson Thyme)—Dense evergreen carpet completely covered in Spring with crimson flowers, making a solid mat of red. Makes a beautiful edging plant. Gaining in favor as a lawn substitute. Does not require mowing. Crowds out obnoxious weeds. Plant 12 to 18 inches apart each way. 15 cents each; 12 for \$1.50; \$8.50 per 100. White flowered form at same price. Does not require much watering. Prepaid.

Ceanothus prostratus—A new broad leaf evergreen for the garden. Low and trailing, leaves resemble small holly and could easily be mistaken for a creeping holly. Covers ground with solid mat, trailing beautifully among and over stones. Thrives in hot dry and exposed situations. Covered in spring with bright blue flowers which have tiny points of gold. One of the worlds most beautiful trailing plants. Potted plants at 35 cents, ready in April. Prepaid.

Genista tinctoria flora plena—Low growing, height, 5 inches and spreading 2 to 3 feet. Extremely colorful in bloom, the foliage being hidden entirely by clustered golden yellow flower heads standing 2 to 3 inches above plant. The most profuse bloomer of all brooms. 4 to 6 inches at 25 cents. Prepaid.

New Coronilla Cappadocia—Evergreen perennial growing to height of 10 inches. Flowers produced in racemes of richest golden yellow. Very showy and one of the finest rock garden plants known. Early spring bloomer. 50c each.

FLOWERING TREES

Henderson's New Hybrid

New Japanese Red Bud—A most unusual red bud. Produces in early spring, branches laden with very vivid red blossoms. Enormous clusters giving the effect of great plumes. Selected roots from the original tree. \$2.50 each.

Red Bud (Japanese)—Handsome small tree or shrub from Japan. Grown for its showy reddish pink blossoms, produced in earlier spring before the leaves appear. Very striking plant growing with little care after established. Young trees, 75c each. Flowers much larger and more showy than our native species.

Henderson's New Crepe Myrtle "True Red"—After testing many hundreds of hybrids over a period of many years, I offer the finest I have found. Produces clusters measuring 9 inches broad by 10 inches long of a rich rose red. A very spectacular small flowering tree. \$1.00 each.

Flowering Evergreen Trees in Blue

Henderson's Hybrid-California Evergreen Lilac—Hybrid form. A beautiful tree or large shrub that is covered throughout early spring with enormous clusters of sky-blue flowers. Clusters at times measure 14 inches in diameter, and 18 inches long. Well established in gallon cans, \$1.00 each. Very rapid grower. Not prepaid.

Selected Blue Ceonothus—Richest blue evergreen lilac. Blooms throughout summer months. Very showy. Thrives well in hot dry locations. One of our most beautiful flowering native shrubs. \$1.00 each. (gal. cans). Not prepaid.

Edwardsia Secundiflora—Small tree (50 feet). Covered with violet blue, pea shaped blossoms in the spring. Striking foliage. Evergreen. Flowers very fragrant, followed by bright scarlet seeds in the fall. \$1.00. Not prepaid.

Franklinia alatamaha (Gordonia)—Rare fall blooming shrub with erect branches. Leaves 5 to 7 inches long, bright crimson in the late fall. Flowers white cup shaped, 3½ inches wide. Grows to 15 feet. 12 to 15 inches \$1.50. Deciduous. Prepaid.

Rare Oriental Spring Blooming Magnolias (See Above Photo)

Among the most beautiful flowering trees in the world. These deciduous magnolias bloom in the spring before the foliage appears. Most of them are perfectly hardy throughout the United States.

Magnolia macrophylla—A round headed tree to 25 feet. Young growth wooly. Leaves very large oval to oblong from 18 inches to 3 feet in length. Flowering with unfolding of leaves, flowers cup shaped. Creamy white very fragrant 10 to 12 inches across, petals purplish at base. Petals reflexed. Rose colored fruit in fall. A most unusual tree and very striking in its beauty. \$2.00 each. Prepaid.

Magnolia Kobus—A fast growing tree to 30 feet. Leaves 6 inches long. Flowering before leaves. Flowers 5 inches in diameter lily shaped white petals 6 to 9. A very beautiful deciduous flowering tree. Flowers fragrant, 30 to 36 inches high. \$1.50.

Magnolia Rustica Rubra—New introduction to America. Extra large cup shaped flowers of dark reddish purple. Small tree. \$2.00 each. Prepaid.

Magnolia Lilliflora—Lily Magnolia. Flowers, 4 to 5 inches long—purple outside and lavender within. Blooms remain cupped similar to a tulip in form. 24-30 inch, at \$1.00. Very hardy.

Magnolia Stellata—(Star Magnolia)—Small, spreading tree that blooms very early. Very fragrant pinkish white flowers that are 3 inches in diameter. These flower masses are most beautiful on this very rare Chinese magnolia. 15 to 18 inches. \$1.00 prepaid.

Magnolia Stellata Rosea—A very rare form of the above. Flowers shaded rose, 24 inches, at \$3.00 each.

Magnolia Soulangeana Alexandrina—Small tree with large 8 inch blooms of deepest rose. \$1.00 each, prepaid.

Magnolia Glauca—Sweet Bay—A small evergreen tree. Flowers 3 inches in diameter appearing with the leaves. Very fragrant. 3-foot trees \$2.25 each.

Magnolia Lennei—Large flower, attaining diameter of 8 inches. Petals broad and rounded. Color—outside deep crimson and inside nearly white. Unusually fragrant. Blooms ten days later than Soulangeana. Leaves 12 inches long and 8 inches wide. Plant in full sun or partial shade. 12 inches to 15 inches in height. \$2.00 each prepaid.

Magnolia Soulangeana Nigra—Pyramidal and very attractive tree (medium size). Very fragrant. Seven-inch flowers of dark purple that blooms recurrently from March to the end of the summer. \$1.00 each, prepaid.

A Hardy Flowering Eucalyptus

Eucalyptus Rosea—A very beautiful deep pink flowering variety growing to height of 30 feet. Recommended for valley conditions because of ability to withstand temperatures as low as 15 degrees Fahrenheit without damage. \$1.00 each in gallon cans. 3 feet. Not prepaid. Flowers produced in large clusters.

Orchid Tree

Bauhinia Purpurea—"Orchid Tree." Small evergreen tree producing in greatest profusion flowers from 3 to 5 inches across. Colors vary from light to rich purple shaded with many tones. Should be planted in a southern exposure for best results. Strong young plants. Prepaid. 75c each.

FLOWERING DOGWOODS

Dogwood Pacific (Cornus nuttalli)—Very large flowered. Native Dogwood. Nursery grown trees are easier to transplant. Flowers 5 to 6 inch diameter. One of the world's most beautiful flowering trees. 8 to 10 feet at \$3.50; smaller sizes not available this year. Not prepaid.

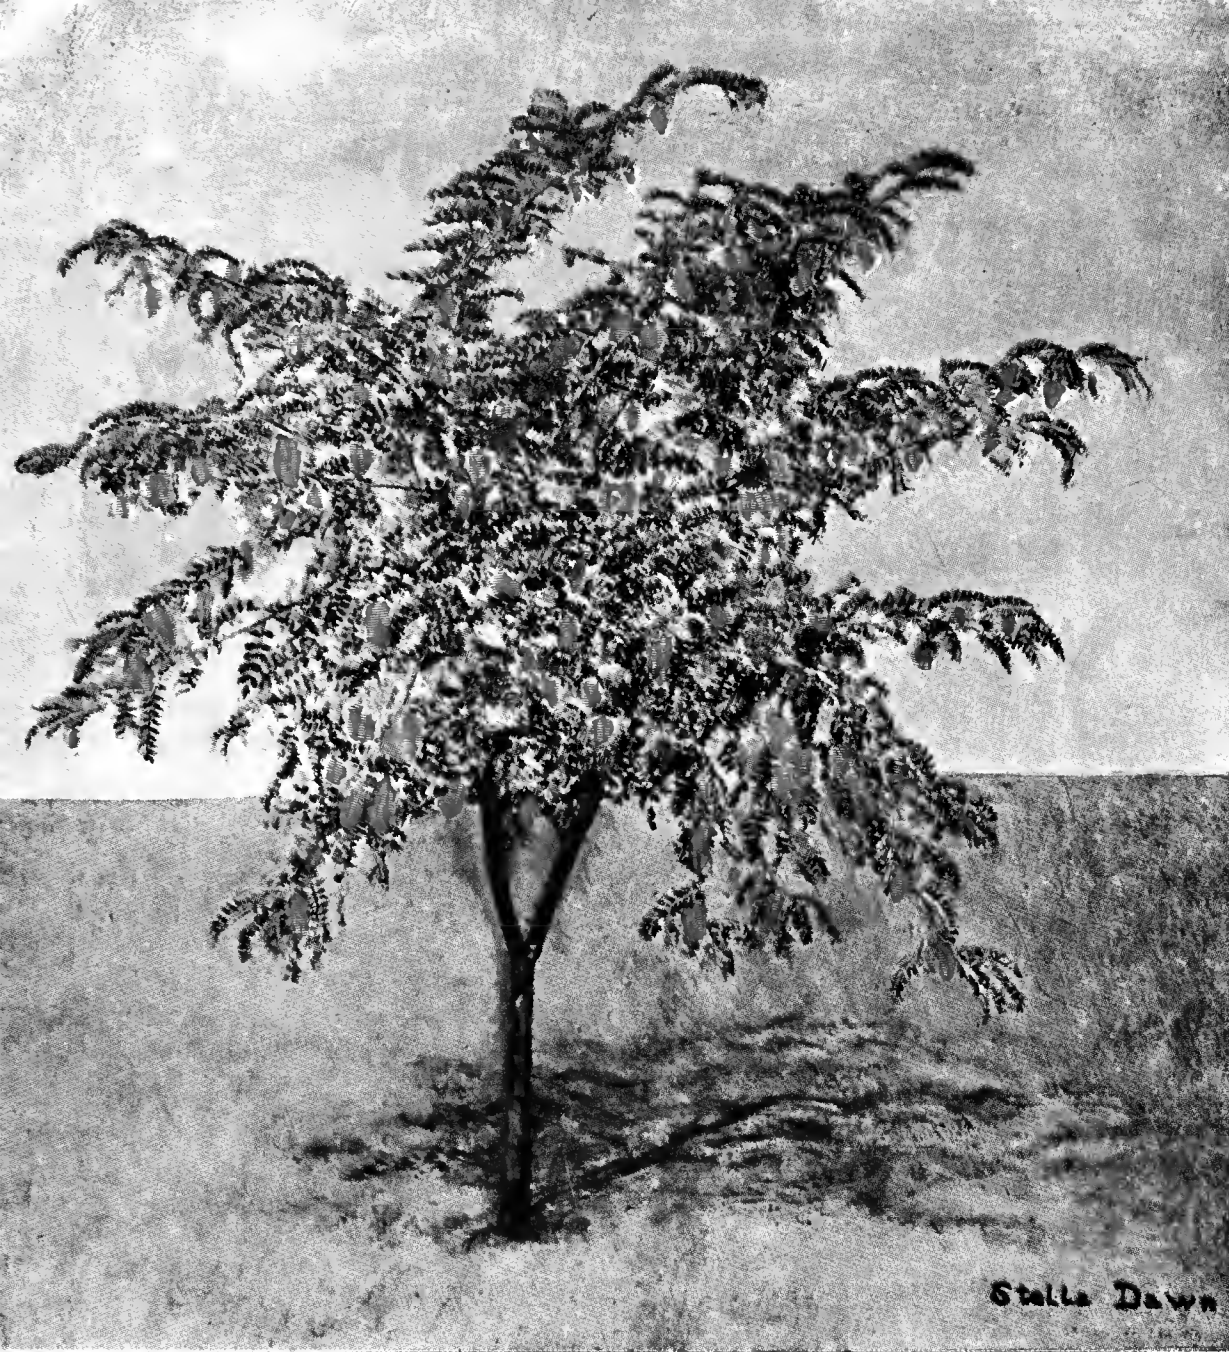

Cornus Florida Rubra—(Flowering Dogwood)—Unusually beautiful, 4-inch deep pink flowering Dogwood. Flowering in early spring and presenting a gorgeous display of color. Prefers partial shade, preferably in afternoon. Needs plenty of water and no cultivation. Soil free from alkali and containing leaf mold recommended. Grafted plants 18 to 24 inches, at \$1.75; 3 to 4 feet, at \$3.50 each.

Cornus Florida—A pure white form of the above, 18 to 24 inches at 75c each.

Cornus capitata—A Himalayan species very hardy in Western America. The only evergreen Dogwood. Producing 3 inch flowers in early summer of pure white. A rapid grower and highly desirable. Needs partial shade or full sun. No cultivation and good drainage. Has large attractive red fruits in fall. Gallon cans 75 cents. Not Prepaid.

Cornus florida plena—Double flowering dogwood. Showiest of all white dogwoods. Blooms when very young. Large showy semi-double white blooms with outer row of petals often more than three inches across; inner rows arrayed in whorls. 18 to 24 inches at \$2.25; 2 to 3 feet at \$3.50. Prepaid.

Cornus Florida Pendula—Rare. Weeping Dogwood. White flowers. 18 to 24 inches, grafts. \$2.50. Prepaid.

(The above picture is a reproduction from a painting)

A NEW INTRODUCTION SCARLET WISTERIA TREE

One of the most beautiful of all small deciduous trees from South Africa. Rarely exceeding six feet in height and in bloom practically all summer, the long weeping branches with fern-like foliage, are literally covered with drooping clusters of brilliant tango-red, pea-shaped blossoms. The clusters are similar to wisteria in shape, and average five inches in length. Very showy when in bloom. Perfectly hardy in any climate. An introduction that is both rare and beautiful. Small trees, 30-36 inch, \$1.50 each. Larger trees 3 to 4 feet high, \$2.00 each. All trees will bloom the first year. Prepaid. Flowers shaped like locust blooms. Plant in full sun and do not cultivate in summer.

CAMELLIAS

These beautiful flowers are deserving of more attention from home gardeners. They require a position protected from extreme cold. Preferably an eastern exposure, with afternoon shade. They will repay a generous application of leaf mold or peat moss mixed well with the soil before planting. Cottonseed meal is an excellent fertilizer. One of the prime requisites in the culture of Camellias is to remember that absolutely no cultivation or stirring of the soil should be done at any time. Camellias are among the world's most beautiful flowering evergreens. Varieties offered here are among the finest.

Dai Kagura—Large rose red double. Very fine. \$1.00.

Caprice—Pure white. Very large flowers. \$1.00.

Chandlerii—Very large flowers. Full double rose marbled white. \$1.00.

Alba Plena—Full double flower. Pure white and wax like in appearance. Very regular. Free blooming. \$2.00 each.

Abby Wilder—Flowers double; color white shaded and striped with pink. 50c each.

Rare Camellia Species

Camellia reticulata—Rarest and most gorgeous of all Camellias with flowers that measure fully six inches across, made up of rosy red petals that are wavy and loosely arranged. 1 year stock, \$2.50 each. Not prepaid.

New Camellias 1938-39

Monarch—Deep pink flowers of enormous size with many clusters of stamens and petals inside of large outer petals. \$1.00 each.

Elisabeth (Tutonla)—Very double pure white petals crinkled at end. Formal shaped blooms. 75 cents.

Napoleon D'Italie—Medium sized bloom double rose red with very dark almost blackish stripes. \$1.00.

Prince Eugene Napoleon (Pope Pious IX)—Good sized very double scarlet flowers of early to mid season. \$1.00.

Single Red—Large sized single red with extra large foliage. \$1.00.

Jarvis Red—Deep blood red semi-double flowers with golden stamens. Dark green foliage. \$1.00.

Pink Perfection—Too well known to need describing. Flesh pink perfect double flowers. 50 and 75 cents each.

Brown's Red—Darkest red Camellia of semi-double form. Dark green leaves. \$1.00 each.

Semi-Double Blush—Elegant shaped light semi-double petals of flesh pink with beautiful yellow anthers making one of the noblest and simplest in form and coloring. Very easy to grow. \$1.25.

Otome—Similar to Pink Perfection but much larger flowers. \$1.00 each.

Sarah Frost—Rosy crimson. Very double and free flowering. Late bloomer and very attractive. 50c each.

Lady Hume's Blush—Very double and symmetrical. Color a delicate flesh. Flowers 3 inches in diameter. 75c each.

Alba Plena Fimbriata—A form of alba plena with same habit of growth. Flowers very double and pure white in color. Edges of petals are laciniated. Price upon application.

Purity—A well-named variety with pure white flowers 3-4 inches across, 6 to 8 inches high. 50c each.

Rosita—The strongest and thriftiest grower of all Camellias with rose-pink flowers 3 inches across. The petals are arranged symmetrically. 6 to 8 inches high. 75c.

Camellia Sasanqua Rosea—Single 3-inch flowers of a beautiful rose shade. Fragrant. A free flowering type, and more easily grown than the common varieties. Blooms in late October and November. 50c each.

Camellia Sasanqua—Double white fragrant flowers. 50c each.

All Camellias priced F. O. B. Fresno.

We are constantly adding to our Camellia collection of varieties and are in contact with leading growers throughout the United States.

Flowering Trees

Burbank's Prunus "Thundercloud"—Leaves are dark maroon in color, measure 6 inches long, and are held throughout the entire season. In color it is not equalled by any other tree. Bright autumn coloring from March until November. Grows about same size as an average plum tree. Very striking. 36-inch trees \$1.00 each, prepaid.

Prunus Bliriana—Best of all flowering plums. Deep rose pink flowers; semi-double. Blooms over long season. Showy foliage of dark green tinged with bronze 3 to 5 feet in height. 75c each. Prepaid.

Laburnum Vossi—"Golden Chain" tree. 30 feet. Spring blooming tree with long wisteria-like clusters. (to 20 inches) of golden yellow flowers. A magnificent flowering tree. \$2.50 each. 5 to 6 feet. Not prepaid. Plant in sun; very hardy.

Koelruteria Bipinnata—"Golden Rain" tree grows to 30 feet in height. Producing in early summer enormous panicles of golden yellow flowers followed in fall by large pods of copper red. Produces an extremely beautiful fall show of color. \$1.50 each. 30 to 36 inches. Plant in sun; perfectly hardy.

Koelruteria paniculata—"Golden Rain Tree". A small tree with compound foliage producing in early summer enormous panicles of golden yellow flowers, frequently 3 feet in length. Seed pods in fall resemble Japanese Lanterns in form. Very hardy. Trees 30 to 36 inches in height, 75 cents each. 4 to 6 feet, \$1.50 each. Prepaid.

Hawthorn "Paul's Scarlet"—The best of all flowering hawthorn varieties. A medium sized tree to 20 feet. Too well known to need a description. 5 to 6 feet, 2 year branched \$2.00. Not prepaid. 5 to 6 feet whips, \$1.00. Prepaid.

Crateagus cordata "Washington Hawthorn"—A small tree to 15 feet. Large white flowers in masses in the spring, followed in late summer and fall by large clusters of Pyracantha like berries of deep red. Foliage assumes wonderful autumnal tints of yellow-gold bronze and red. A beautiful tree. 3 feet, 75 cents; 4 to 5 feet, \$1.75. Prepaid.

Tamarix—Summer blooming type. Feathery foliage. Blooms throughout the entire summer producing quantities of lilac-pink flowers resembling Lily of the Valley. Very rapidly growing tree and succeeding well with little or no care. \$1.00.

WM. H. HENDERSON'S NEW "CRIMSON GIANT" CHARD

A cross between the sweet sugar beet and Swiss chard. The leaves are as deeply crimped and pitted as a Savory cabbage. Nothing in the garden can be as easily raised and no other vegetable produces such a large and continuous supply of delicious and healthful succulent food.

Very beautiful and highly ornamental in the garden. Visitors to my gardens are enthusiastic in praise of its value as an ornamental plant. It is more delicious than the beet garden spinach. The leaves of this new "Crimson Giant" are of a rich dark green color, often 24 inches long and are crisp and tender. The leaf stalks are also very edible, and should be cooked with the leaves. The stalks are rich crimson in color, and average 2 feet in length. The plant reminds one of a well-grown rhubarb. The color is retained if cooked over a quick fire about twenty minutes, 50c per packet; \$2.50 an ounce.

JAPANESE FLOWERING CHERRIES

Kwanson—Double pink 3 to 4 feet, 2 year branched \$1.75; 3 to 4 feet, 1 year, \$1.25. Prepaid.

Mt. Fuji—White, double. Same prices as above. Prepaid.

Naden—Double, deep. Same prices as above. Prepaid.

Burbank's "Corona" Rose—A vigorous climbing polyantha producing an abundance of appleblossom pink flowers with lighter centers in enormous clusters.

This rose occupied a conspicuous place on Luther Burbank's home for many years and was a great favorite of his. \$1 each prepaid.

Henderson's New Giant Single Pink Althea

New Giant Single Pink Althea—Excellent new variety with flowers fully 5 inches in diameter. Beautiful rose colored blooms. Prolific bloomer; produced from June until October. \$1.00 each.

Althea coelestis—Single Blue Althea. Magnificent and distinctive variety. 18 to 24 inches at 75 cents. Prepaid.

Althea "Snowdrift"—2 to 3 feet at 75 cents. Surpasses all other varieties except our Giant Pink Variety. Finest of all white varieties. Prepaid.

Tulip Tree

Liriodendron tulipifera (Tulip Tree)—A columnar or broadly pyramidal tree to 100 feet high. Leaves broadly oval or saddle shaped, tip blunt and deeply notched. Flowers showy tulip or lily like 2½ inches broad, white with an orange band at the base. A magnificent shade tree or lawn specimen. 4 to 5 feet, \$1.50. Prepaid.

Trees with Colored Autumn Foliage

Euonymus Europeanus—(Flame Tree) small 15 feet in height. This tree colors so vividly in the fall and winter that leaves resemble poinsettia petals. In addition, it bears such an abundant crop of crimson rose pods as to almost cover the tree. Later these pods burst, showing orange colored seeds. Very hardy (resistant to drought) and one of the most spectacular of all trees. \$1.50 prepaid.

Liquidambar—(Deciduous) Tree growing to 60 feet. Symmetrical habit with maple-like lustrous leaves assuming a deep crimson color in autumn. Free from insects and diseases. 4-5 feet. \$1.50 each. Smaller size \$1.00. Prepaid.

Fagus Americana—**American Beech**—Beautiful deciduous tree. 24 to 30 inches. 50c each.

Quercus Rubra—Red Oak. Beautiful stately tree assuming rich autumn color. 50c each. Small trees 4-5 feet, \$1.75 each.

New Spiral Willow

(See Above Photo)

An unusual new sport of the weeping willow. It possesses same graceful habit. Each leaf is curled or rolled in a fantastic fashion resembling in form a Ramshorn. Wonderful to plant near a pool for a specimen tree. \$1.00 each.

Evergreen Trees

Magnolia Grandiflora—A selected form of the southern evergreen magnolia flowering while quite young. A splendid evergreen tree. 24 to 30 inch trees. 75c each.

Casuarina Stricta—A very rapid growing evergreen used largely as windbreaks or for quickly screening unsightly buildings or backgrounds. 25c and 75c each. Latter size not prepaid.

"California Nutmeg"—A handsome evergreen tree. Pyramidal in form. Attain height of 70 feet. Foliage yew-like. Rare in cultivation. \$1.00 each. Not prepaid.

California Holly—Too well-known to need description. One of the most beautiful of our large native shrubs or small trees. 75c each. Not prepaid.

Rock Garden Shrubs

Rosa Rouletti—A miniature rock garden rose with its growth not exceeding 12 inches. It flowers freely from spring until fall. Well-formed buds develop into double pink flowers. Hardy. The smallest rose in the world. Large. 75c; medium 50c.

Teucrium chamaedrys—A beautiful evergreen rock plant. Reaches a height of 12 inches and is a bouquet of pink bloom all summer. Extremely hardy, holding its bright glossy green color in coldest weather. Foliage fragrant and will add beauty wherever low blossoming plants are desired. Without peer as a rockery or border plant. Drought resistant. Shear after blossoming. 6 to 8 inches at 25 cents; 10 to 12 inches at 50 cents. Prepaid.

Kalmiopsis leachiana—Something new for gardens. One of the rarest and one of the finest small broad leaf evergreens. One of the few hold overs of the glacial period. Leaves medium small and glossy deep green. Grows to 2 feet and is covered with bright red and pink blossoms in spring. Price 2½ inch pot 50 cents. Not Prepaid.

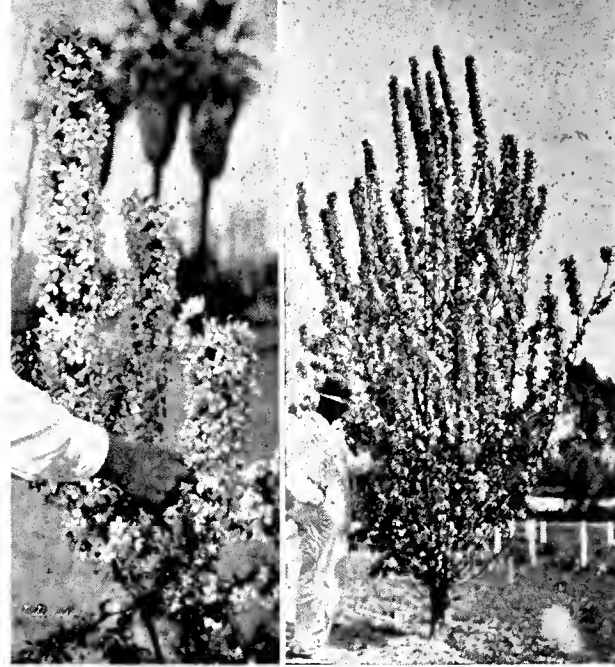

Rose Locust (Robinia hispida)

(See Above Photo)

Small tree growing to 15 feet. Produces a perfect mass of orchid pink clusters about 5 inches in length in early spring. These resemble Wisteria clusters. It flowers continually till July. Very striking and quite rare. Grafted trees for \$2.00. Prepaid.

Pink Flowering Acacia—One of the most graceful of deciduous trees. Hardy as far north as Washington, D. C. The long finely cut fern-like leaves are often 2-feet in length. Blooms most of the summer. Flowers lavender pink and form in large terminal heads. Trees grow 30 feet. Vigorous young trees, 75c each.

Malus Eleyii

(See Above Photo)

A new and startling hybrid. Branchy and fast growing trees. Foliage in early spring a brilliant red that gradually turns to bronze. Reddest of all crabapples. Single dark red blooms; very prolific and produces masses of bright red fruits about the size of large cherries. Very novel and highly ornamental. Large specimen trees. \$2.50 each. 36-inch trees for \$1.50 each.

NOTE—The beauty and colorfulness of this tree over a long season cannot be overestimated. It produces masses of dark velvety red flowers followed by darkest red foliage that it retains until quite late in the season. It is covered for months of the fall by scarlet apples in clusters reminding one of bunches of ripe cherries.

Malus Aidenhamensis—A new type recently imported from England. Very similar to Malus Eleyi except that the flowers are more double. 30 to 36 inch trees. \$1.75 each. 36 to 48 inch \$2.00 each prepaid.

Flowering Crab—Betchel's double pink like small double roses. Beautiful. 3 to 4 feet, branched, \$1.25. Prepaid.

Fast Growing Shade Trees

Modesto Ash—The West's newest high class shade tree. Great advance in beauty and hardiness. Grows like a perfect Arizona Ash but has no seeds and develops faster. Disease free and extremely drought resistant. Foliage hard and glossy on both sides. Fine vigorous young trees 4-6 ft., \$1.50 each.

Robinia Decalsiana—Showy flowering locust. Producing very long clusters about 15-18 inches in length. Beautiful rose-pink. Splendid shade tree growing very rapidly to a height of 40 feet. Grafted specimens \$1.50 and \$2.00 each. These are among the most beautiful of spring flowering trees. Drought resistant.

Silver Maple—Large tree of very rapid growth. Foliage bright green and silvery on under side. More rapid grower than the sycamore. Excellent shade tree for interior valleys. Large trees. 8 feet high, \$1.25 each; 6 feet, \$1.00 each.

California Sycamore—A very large tree that should be more widely used. More resistant to insects and more beautiful foliage than its European cousin. 36 inch trees 50c each; 5-6 ft. at \$1.00 each.

Butternut (Juglans cineria)—A beautiful tree with enormous foliage. Makes an excellent shade tree. Producing quantities of nuts with white meats of excellent flavor. Strong young trees, 75 cents. Prepaid.

Daphnes

Daphne Cneorum—Dwarf species for rock gardens. Needs afternoon shade and no cultivation. Attractive pink flowers in clusters in early spring. Very fragrant. Strong plants. 50c each.

Daphne odora marginata—Winter flowering hardy shrub for a shaded or partly shaded location. Pink flowers in clusters very fragrant. Needs perfect drainage and no cultivation. 50 cents medium and 75 cents larger. Prepaid.

Flowering Deciduous Shrubs

Giant Fragrant Lilac—Flowers produced in masses on terminal racemes. Latter sometimes over 30 inches long. Single lavender flowers. Very fragrant and never fails to bloom each year. By far the finest of all lilac types for California conditions. Clusters of flowers about 4 inches in diameter at base tapering to a point at tip. Height 8 feet. Medium 75c; large \$1.00 each.

Japanese Flowering Quince—New colors in this old favorite. Unsurpassed for early bloom and long display of color. Scarlet 2 to 3 feet, \$1.00; Marmorata pink and white, 2 to 3 feet, \$1.00; Pure white, 2 to 3 feet, \$1.00; Coral salmon (new variety) 2 to 3 feet, \$1.00; deep rose, 2 to 3 feet, 75c.

Clerodendron fallax—**Glory Bower** or **Cashmere Bouquet**. A robust growing, all summer flowering shrub producing large hydrangea like heads of flowers over the entire summer. Flowers deep rose pink very fragrant. One of the best plants for flowering in shady places. Strong roots, \$1.00 each. Prepaid.

Clerodendron Fragens—(Glory Bower) Shrub 5 feet high, producing over the entire summer double flowers in dense clusters 3 inches wide. Fragrance unsurpassed, spicy. Can be used admirably in corsages. \$1.00 each. Delicate pink.

Viburnum Carlesii—A beautiful deciduous spring flowering shrub. Very fragrant. Pink and white flower clusters 2 to 3 inches in diameter. April bloomer. Large, heart shaped leaves beautifully colored scarlet during winter. 4 feet in height. 15 to 18 inch size, \$1.00 prepaid.

Ceratostigma—Dwarf shrub (30 inch height) completely covered during the summer with vivid rich blue flowers. One of the most beautiful flowering shrubs known. Plant in part shade or full sun. 25c each. Prepaid.

Dwarf Pomegranate—Beautiful border plant in bloom all summer. Flowers followed by red fruits 1½ inches in diameter. Fine for planting in front of other shrubs in groups of 3 to give color. The plants do not exceed 15 inches in height. Plant 14 inches apart for hedge use. Blooming size plants 25c each 3 year old at 50c each.

Caiycanthus florida—(Spice Bush or Sweet Shrub.) A very hardy deciduous shrub producing in late spring very double dark red flowers that have the fragrance of strawberries. Does well in either full sun or all shade. Foliage large and attractive. 3 to 4 feet, 75 cents each; 4 to 5 feet, \$1.00. Prepaid.

Rosa Hugonis

(See Above Photo)

Golden shrub rose of China. The long graceful branches with fern-like leaves are covered in early spring with wreaths of fragrant yellow flowers. Plant as a shrub for color effect. Grows 4-5 feet high. Strong plants, \$1.00 each. Medium sized plants 75c.

Rosa Bicolor—A shrub growing 4-5 feet high. Blooms from early spring to summer. Flowers are single 2½-3 inches across and are the richest coppery scarlet I have ever seen in any flower. A cluster of golden stamens enhances the beauty. Reverse of petals are gold. Strong plants \$1.00 each.

Rosa Xanthina—A semi-double bright yellow flowered shrub rose. Height to 6 feet. Very handsome and very worthy of trial by gardeners who desire masses of color. \$1.00 each. Strong plants.

Crataegus Coccinoides—(Scarlet Hawthorn) Shrubs 5 to 8 feet high. Flowers 1 inch in diameter in clusters followed by red berries in the fall. A beautiful shrub. 50c each.

Forsythia spectabilis—Hardest of all Forsythia. Profuse bloomer excellent for marginal or group planting. Showiest of all varieties. Rich yellow flowers. 3 to 4 feet at \$1.00; 2 to 3 feet at 75 cents. Prepaid.

Philadelphus "Virginai"—Semi-double flowers. Pure white very fragrant. Blooms larger than any other variety. Blooms intermittently all summer. 2 to 3 feet, 75 cents. Prepaid.

Red Barberry—Foliage rich bronzy red similar to the red-leaved Japanese Maple. Foliage becomes more brilliant and gorgeous throughout summer. Covered in winter with brilliant scarlet berries that remain throughout the winter. Vigorous two year plants. 75c each. Prepaid. Grows 2½ to 3 feet high. Extra select size for \$1.00 each.

Evergreen Shrubs with Showy Red Berries

Aucuba Laurifolius—Beautiful new selected variety. A perfect shrub for shady location. Height 4 feet. Deep lustrous green foliage with leaves about 8 inches long. Produces in winter large clusters of bright red berries. Individual berries ½ to ¾ inch long. Balled 12-15 inch, \$1.00 each. Not prepaid.

Malus Arnoldiana

(See Above Photo)

Flowering Crabapple. Shrub about 5 ft. in height. Long weeping branches resembling a Spirea Var. Holttui. Flowers in masses. Buds are bright rose red opening to a light pink shade. The effect of two colors on the bush is very beautiful. This is one of the rarest of all flowering crabapples and is highly recommended. Specimens 4-5 ft. in height. \$2.50 each. Blooms first year. Prepaid. Smaller size for \$1.50 each.

New Dwarf Red Lantana—Bright red in color. A **selected form**. The brightest red of them all. Young plants from pots for spring delivery only. 25c each; \$2.50 per 12. Does not exceed 28 inches in height.

Evergreen Red Berried Shrubs

Cotoneaster Parneyi

A beautiful new evergreen producing very large clusters of a brilliant red, comparable to a California Holly in brightness. Individual clusters 3 inches or more in diameter. Color very apparent from November till April. Foliage dark olive green. Grows 6 feet high with graceful branches that weep with the weight of the fruit. The most attractive of all the Cotoneasters. Imported from the Royal Botanical Gardens of Scotland. Well established in gallon cans. 75c each. Not prepaid; medium sized plants, 50c each in gallon cans; balled 2-3 ft. at \$1.50. Not prepaid.

New Pyracantha Formosiana Splendens—A new form that is rapidly gaining popularity. The most showy of all Pyracanthas. Enormous clusters of bright holly-red berries. Height 6 feet. Very select new variety. 75c each. Not prepaid.

Stranvaesia Davidiana—Large evergreen shrub from West China. Has lustrous foliage with small white flowers in large clusters (3 to 4 inches in diameter), followed by scarlet berries in large heads. Has scarlet foliage in fall and winter. Very showy. Thrives in full sun. 75c. Not prepaid.

DAVIDIA INVOLUCRATA—"THE DOVE TREE"

(China) (Illustrated above)

One of the world's most beautiful flowering trees. A very rare, handsome tree with large, attractive bright green foliage of pyramidal habit. An object of striking beauty when studded with the very large creamy white flowers. Floral petals seven to eight inches long and four to five inches broad. The flowers are pendulous on fairly long stalks and when stirred by the slightest breeze they resemble huge butterflies or small doves hovering among the trees. The most interesting and most beautiful of all trees. Perfectly hardy where temperature does not fall below zero. Requires good drainage. No cultivation. Price upon application.

Photo reproduced from E. H. Wilson's book "Aristocrats of the Garden" through courtesy of the Stamford Press.

Evergreen Flowering Shrubs

New Pink Abelia Schumanni—Unusually beautiful new shrub. Flowers produced in great numbers throughout summer. Arching branches. Color a showy lavender pink and much larger than common Grandiflora. 75c.

Ceanothus Jepsoni—One of the most beautiful of all dwarf evergreen flowering shrubs. Produces in spring very rich deep purple flowers in masses. Foliage unusually attractive, bright deep green. Form similar to that of holly. Plant in full sun in semi-dry location. Must have good drainage. \$1.00 each.

Leptospermum Rubra—A very unusual new shrub. Maximum height 5 feet. Completely covered in spring with ½-inch blossoms of a rich ruby red color. An unusually attractive evergreen. Branches arching and graceful. 15 to 18 inch established in gallon cans, \$1.00, not prepaid;

Gardenia "Mystery"—A selected form of the Cape Jasmine flowers much larger and adapted to outdoor culture. Easily grown, flowering all summer. By far the best of all gardenias for garden use. 12 to 15 inch 75 cents, 15 to 18 inch \$1.00 each. Not prepaid.

Carpenteria California—A very attractive native evergreen shrub, 6 feet high. Flowers pure white about 2½ inches across with yellow anthers produced in large terminal clusters. Orange-blossom fragrance. One of California's most beautiful shrubs. 50c each; larger at 75c each.

Cistus Purpureus—An excellent summer flowering evergreen shrub producing over several months mallow-pink ruffled flowers with centers of dark red. Prefers a semi-dry location with good drainage. 75c each.

Hypericum Henryii—A splendid shrub for partial shade growing to 4 feet in height producing its 2 inch ploods of golden yellow through out the entire summer. Very hardy and one of the best of all sub-shrubs. 75 cents gallon cans. Not prepaid. 15 to 24 inches.

Cytissus purpureus—A dwarf shrub growing to 18 inches and bearing attractive purple flowers. New and decidedly different among brooms. 4 to 6 inches at 25 cents. Prepaid.

Calistemon Rigidus—Most highly colored of all bottle brushes. Spikes 6 inches long. Color bright red in contrast to gold anthers. 50c each. Not prepaid.

Dianthus Gigantea—Evergreen shrub (5 feet) producing over many months, lilac pink flowers of true Dianthus form. A very rare species and highly recommended, excellent for cutting. 50c each.

Cytissus Newreyensis—A selected form of the Paradise Broom. Enormous flowers 1 inch in diameter in red and yellow. Evergreen shrub to 5 feet. 75c each.

Oleanders—Large fine bushy specimens in deep pink or red. 4 to 5 feet balled \$1.50 each. 10 or more \$1.25 each, not prepaid.

New Cotoneaster Apiculata—(Cranberry Cotoneaster). Semi-prostrate growth. Berries extremely large (½ inch long and ½ inch wide, in great profusion) and brilliant red in color. Perfectly hardy in the east. The most striking of all dwarf berried shrubs. 3 feet in height. 75c each.

Cotoneaster Divaricata—Deciduous shrub with pink flowers followed in fall and winter by bright red fruits ⅓ inch long. Very handsome shrub producing quantities of red berries for winter display. \$1.00 prepaid. 3-4 feet.

Cotoneaster Bullata—Evergreen shrub to six feet high. A very beautiful new cotoneaster bearing very large clusters of red berries. Foliage unusually beautiful. Highly recommended. 75c each; hardy.

Cotoneaster Cooledgei—Height 2½ feet. A sport of Pannosa with same foliage color. Leaves are smaller. Covered with scarlet berries and gives the appearance of a dwarf Pannosa. A new shrub highly recommended. 75c each. Not prepaid.

New Everblooming Evergreen Shrub Rose "Sierra Snowstorm"

A very beautiful new variety being introduced for the first time. The bridal wreath-like branches are covered with masses of intensely fragrant single white flowers. Thornless and grows to 5 feet. Blooms all season until frost. Individual flowers about 2½ inches across. An extremely fine new plant destined to great popularity. \$1.25.

New Shrub Rose—Dr. E. M. Mills. A beautiful new hybrid of Rosa Hugonis possessing the same graceful habit of growth. Color is primrose and pink. Ideal for cutting purposes and for planting in front of tall evergreen shrubs. \$1.00 each prepaid.

Evergreen Shrubs

Viburnum Odoratissimum—An attractive evergreen shrub for all or part shade. Enormous laurel-like foliage of a shiny green. White flowers in 4-inch panicles followed by red fruit during fall and winter. Height 6 feet. 75c each.

Japanese Evergreen Pear—A large evergreen shrub of rapid growth (6 feet). Foliage turns bright red to yellow and green in the fall. New growth in spring very vivid shining green. Beautiful in all seasons. \$1.50 each. Not prepaid.

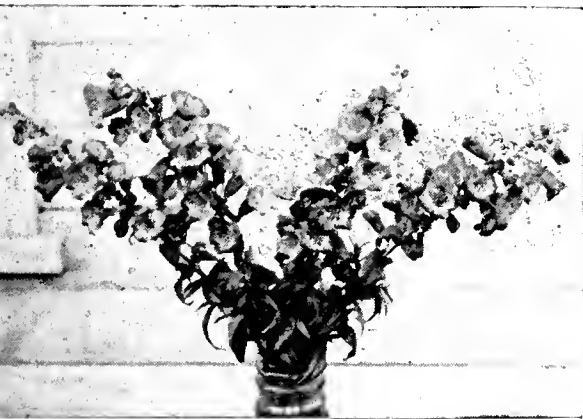

Hedera helix arborescens—Bush English Ivy. A broad leaf evergreen with every appearance of Ivy in bush form but often having leaves twisted and contorted in an interesting manner. Does well in sun or shade. Grows to 3 feet in height. Very hardy and desirable. 4 to 6 inches at 50 cents. Prepaid.

Photinia Serrulata Nova—A sturdy evergreen shrub. Foliage changes during the year from pale green to red and bronze. Height 6 feet. 1-gallon cans 75c each. Not prepaid.

Osmanthus Aquifolium—Large evergreen shrub with holly-like foliage. Produces very fragrant white flowers in early spring. A highly decorative shrub. 75c each. Not prepaid.

Kalmia latifolia—Dense rich glossy foliage. Small leaves. Grows to 30 inches. One of finest dwarf evergreens. Nodding bell shaped pink flowers in earliest spring. 10 to 12 inches at \$1.00. Not prepaid.

Viburnum Rhytidophyllum—Evergreen shrub grows to height of 7 feet. Leaves very large. Flowers white in clusters to 8 inches in diameter followed by red fruit. A very attractive hardy shrub. 75c each.

Pentstemon

(See Above Photo)

Wm. H. Henderson's Hybrid. Evergreen perennial almost continuously in bloom. Rivals petunias in production of blossoms. Makes bold clumps 18-30 inches in height. Flowers about 2 inches in diameter and resemble fox-gloves. Unusually free from diseases and easily grown. Recommended as a substitute for snap-dragons as it is never troubled with rust. I offer 4 varieties selected from thousands of hybrids: Scarlet Bedder, a soft rose scarlet, 15c each; \$1.50 per dozen. Orchid, Lavender, Lavender-Blue, 25c each. The above varieties are grown from selected rooted cuttings. A well-established bed of these will thrive for years with no special attention needed.

CARNATIONS

(W. H. Henderson's New Hybrids)

APRICOT QUEEN—Clear orange salmon (new) 50c each; \$3.00 per dozen.

NEW YELLOW—Clear lemon yellow (new) 25c each.

NEW WHITE—Largest pure white grown (new) 25c each.

Hardy carnations for outdoor garden use, I recommend very highly the following colors: Dark red, scarlet veined mahogany, flesh pink, red and white variegated in plain petals and lacinated petaled forms. 25c each; \$1.25 per dozen. Not less than a dozen at this rate. The above are highly selected. Strong rooted cuttings.

EVERGREEN FLOWERING PERENNIALS

New Evergreen Spring Flowering Phlox

Phlox Divaricata Lapham—Perennial phlox of **pure gentian blue** growing about 12 inches high. Unsurpassed as a spring flowering border plant as it blooms from May until July. No other garden flower blooming at this season shows this rare and lovely color. A remarkably hardy, easily grown and showy plant. 50c each; \$3.00 per dozen. Evergreen. Smaller sized plants \$1.50 per dozen.

Phlox Subulata Brittoni—Very distinct from any variety known. It forms a cushion like plant with closer growth than most subulata varieties. Abundance of white star-like flowers with darker centers formed by a ring of bright blue dots. New form 50c each, \$3.00 per dozen.

Phlox Subulata Vivid—Similar to above except that it possesses a vivid satin pink flower with red centers. One of the most beautiful dwarf shrubs for rock gardens. Blooming in earliest spring almost covering itself with blossoms. 50c each; \$3.00 per dozen.

Gentiana acaulis—A dwarf evergreen perennial requires peat and sand and partial shade. Producing large 2 inch trumpet shaped flowers of deep blue. No cultivation required. Needs good drainage. 3 inch pot, 50 cents.

Clematis for the Perennial Border

Clematis Davidiana—Hardy herbaceous perennial producing clusters of very fragrant gentian blue flowers over the summer months. Height 3 feet. Grows upright like a shrub. An exceedingly fine perennial. Strong 2 year roots. \$1.00 each. Prepaid.

Clematis Recta Grand Fl. Pleno—A very attractive new herbaceous perennial growing to 3 feet high. Produces masses of double pure white flowers throughout the summer months. Very fragrant. Planted in full sun in perennial border it is most effective, \$1.00 each.

Gypsophila "Bristol Fairy"—A splendid double flowered "Babies Breath". The effect is far superior to the old single type when used in bouquets and the blooms last much longer when cut. Grafted plants at 50c each.

Hardy Perennial Cobalt Blue Veronica

New "Blue Spire" Veronica—Hardy herbaceous perennial producing beautiful spikes of cobalt blue flowers over the entire summer season. Very hardy and easily grown. Thriving for years with little or no attention. One of the most effective of all perennials in the border. Height 30 to 36 inches. (Sensational) 35 cents each. 3 for 75 cents \$2.50 per dozen. Prepaid.

Burbank's Hemerocallis Calypso

Day Lily flowers averaging 5 inches across and are a glorious shade of deep lemon yellow. Grows 4 feet high. Blooms from spring to fall. Plant in full sun or partial shade. Pronounced by experts to be one of the finest of all day lilies. 50c each; \$3.00 per dozen.

Wm. H. Henderson's New "Giant Orange" Hemerocallis—Flowers are very large deep orange covered with a gold dust sheen. Flowers are of a heavy substance and petals very wide. Comparable in width of petals and size to some of the Amaryllis hybrids. \$1.50 each. Plant is 30 inches in height.

Michaelmas Daisies

Charming (Burbank's)—Soft shade of pink with yellow center. Graceful weeping branches. 4 feet high, resembles small spires shrub when in bloom. 50c each; \$3 per doz.

Baby Blue—(Henderson's) When massed in front of dark green shrubbery it appears similar to a soft blue cloud. Visitors are enthusiastic over its heavenly blue color. Try the effect in your garden. You too will be greatly pleased. 50c each; \$3.00 per doz.

Lavender Queen—(Henderson's). Richest lavender with orange center that sets whole flower aglow. Blossoms 2 inches in diameter. All above varieties, 50c each; \$3.00 per doz.

Aster Frickarti—A perennial aster producing 2-inch blooms on bright lavender blue throughout the entire summer. Height 30 inches. The finest of all Michaelmas daisies to date. 50c each.

Delphinium—New dwarf blue bedding variety. Producing little upright bushes about 15 inches high covered all summer with true azure blue flowers, 50c each; \$2.50 per 12. Hardy perennial.

Delphinium—"New True Blue". A selected hardy form of Belladonna type producing spikes 4 feet high of a deep true blue. Magnificent new form. 50c each.

Delphinium—W. H. Henderson's Hybrids. A vigorous long lived strain. Withstands warm summers much better than other forms. Flowers are single, semi-double and double. Colors range from sky-blue to mauve pinks and deepest indigo. Selected for hardiness as well as beauty. Vigorous plants, \$1.50 per dozen. Will bloom summer and fall of first year. Seeds 50c per pkt.

Campanula Persicifolia—A perennial Canterbury bell. Lives for years. Blue flowers on long stems. Good cut flowers, evergreen, height 30 inches. 25c each; \$2.00 per dozen.

California Fuchsia—"Humming Bird Trumpet Flower". Foliage grey green. Height, 2½ ft. Graceful pendant flowers of scarlet resembling small fuchsia. Resistant to drought. Very beautiful for masses in front of shrubbery, 25c each; \$1.50 per doz.

Dianthus Beatrice—A new variety of this popular flower. It has double flesh pink flowers produced in large clusters over many months. A superb new variety. Strong rooted cuttings, 25c each; \$1.50 per dozen. Best perennial Dianthus.

Columbine—Wm. H. Henderson's Hybrids. A great improvement over older types. Larger flowers and longer spurs. Colors include yellow, orange, red, rose, blue, purple, cerise, white, salmon and mauve. Seed 20c pkt; 3 for 50c. Roots, \$1.50 per doz. All weak colors have been eliminated.

Columbine "Crimson Star"—Very large flowers with long spurs. Outer petals deep crimson with central petals of white. Very attractive new variety. Grows to 3 feet. Strong 1 year plants at \$2.00 per dozen or 25c each.

New Geums—"Princess Juliana" extremely large flowers of copper yellow. Far superior to any seed grown varieties. 25c each; \$2.50 per dozen.

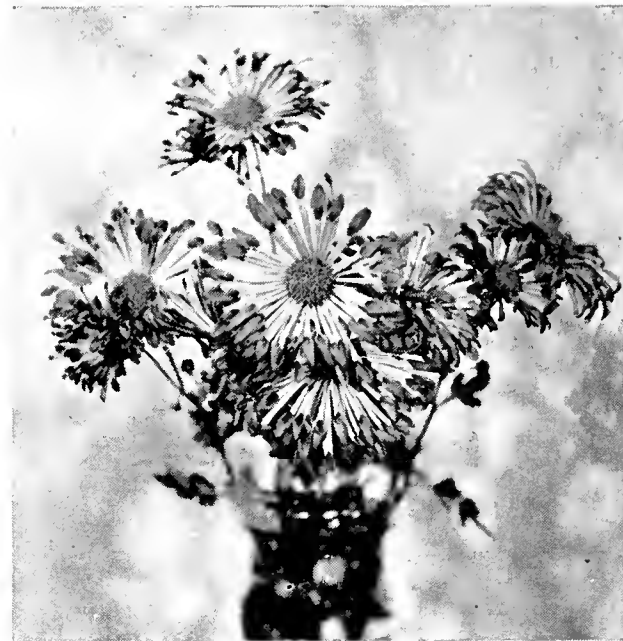

New Geum—"Fire Opal" very large flowered red overlaid copper. Both of these varieties are grown from root divisions of the original plant. 50c each; \$5.00 per dozen. Prepaid.

Salvia Pitcheria—Splendid perennial. Growing 4 ft. high, blooming from August until frost and producing masses of **pure gentian blue** flowers. One of the most beautiful perennials in existence. Unsurpassed for long full blooming season creating masses of blue for months. 50c each; \$3.00 per dozen.

Iberis sempervirens—Evergreen candy-tuft. Forming a small shrub to 12 inches high. Foliage rich glossy dark green. Plant completely covered with pure white flowers in very early spring. Ideal for the rock garden or used as a border. In summer as neat as a boxwood in appearance. 25 cents each. Prepaid.

Campanula porcharskyana—A beautiful evergreen trailing variety blooming most of the summer. Violet blue star shaped blossoms. A well established plant of this in the rockery presents a mass of color indescribably beautiful. 2½ inch pot, 25 cents. Prepaid.

Dianthus Knappi—A very rare evergreen. Yellow flowered variety. Very beautiful, 50c each.

New Chrysanthemums

(See Above Photo)

"Gabriel's Trumpet" (McCore)—Unusually fine single hardy garden mum. Petals tubular expanding near tip to a soft shade of Chinese scarlet from a silver buff. One of the most unusual mums ever introduced. 50c each; \$3.00 per dozen.

Mrs. J. Willis Martin—Crushed strawberry color. Early and very popular variety.

Margaret Waite—Finest variety for late blooming. Withstands rain and frost well. Stems may be cut 24-30 inches long. Color deep sparkling rose pink. Semi-double. Has no equal for lasting quality and cutting. Possesses rich, spicy fragrance.

Ira K. Skiff—Golden bronze, large semi-double and very early. Attracts attention in any garden.

Dream—New pom-pom. Very double perfect flowers, bright clear rose-pink in color. Very graceful in the garden.

Indian Chief—New clear scarlet. Reverse of petals old gold. Wonderful new color combination.

25c each, \$1.50 per dozen on all above varieties of chrysanthemums.

New Everblooming Chrysanthemum—Unlike the regular chrysanthemum type that blooms only once yearly, this produces a full crop of flowers in the late spring, and also a second crop in the fall. Flowers about 3 inches in diameter. Color rose pink, on stems 18 inches long. 50c each; \$2.50 per 12.

New "Princeton" Chrysanthemum—Splendid upright grower with foliage that turns a glorious red and bronze color in the fall. Color of flowers is unusual and very new; a rich calendula orange. Flowers 2½ inches across; very double on perfect stems. A splendid addition to hardy chrysanthemum groups. 50c each; \$2.50 per dozen.

"Arbutus Menziesii"—(Madrone) A very handsome evergreen tree. Flowers white in clusters 5-6 inches long. Fruit bright orange red and very showy. \$1.00 each. Not prepaid.

Perennials

Anemone Japonica—Valuable for massing or as single specimens in the border. They grow rapidly, and are profuse bloomers gaining in strength and beauty each year. They bloom from July till the 1st of November. Height 2 to 3 feet. I offer the following colors: Semi-double white, rose, pink, and red. Admirable for cutting. These flowers are specially recommended for shaded areas. \$1.00 for 3 or \$2.50 per dozen. Do extremely well where many plants will not thrive. 35c each; hardy, long lived perennial.

Anchusa Dropmore—Rich gentain blue flowers. One of the earliest of the spring bloomers. Plants form specimens 3 to 4 feet high. Has long blooming season. For masses of blue in a perennial border and ease of culture it is unexcelled. Strong roots that will yield flowers first season. 25c each; \$2.50 per dozen.

Linum Flavum—A very hardy perennial producing quantities of golden yellow flowers in terminal clusters over the entire summer. 18 inches in height and evergreen. Very showy and desirable because of its long life. 50c each.

Scabiosa Perennial Hybrids—An excellent perennial for the garden. Produces large blue, lavender and white flowers on long stems. Blooms through the summer. Very hardy. Plant in full sun. Strong 1-year plants, 25c each; \$2.00 per 12. Prepaid.

Perennial Phlox—"Miss Lingard" Large panicles of pure white, foliage glossy. One of the best perennial Phlox. Resistant to red spider. Easiest of all to grow. Blooming one month earlier than most varieties and continuing till very late in season. \$2.25 per 12; 25 cents each. Prepaid.

Gerbera (Transvaal Daisies)—New Hybrids. Plant in full sun or part shade. Bloom all summer. This strain was secured from the largest collection of Gerberas in the world. Colors include coral, scarlet, crimson, cream, yellow and many other combinations. Two sizes of plants; large 30c each, \$3.00 per dozen; medium \$1.50 per 12.

Papaver Olympha—An unusual new perennial poppy, forming a clump by underground runners. Flowers are semi-double and range in size from four to five inches in diameter and are a pleasing shade of apricot and orange. Stems are 2 to 2½ feet long. Splendid cut flower. 25c each; \$2.00 per 12.

Statice Latifolia—"Blue Babies Breath" Fine perennial increasing in beauty each year. When in bloom resembles "Baby Breath" except in color that is an exquisite sky blue. Used very successfully in dried winter bouquets. Will keep for years. Large 2 year plants ready for immediate bloom, 50c each; \$3.50 per dozen.

Dianthus Splendens—An attractive scarlet variety with white centers and edges of petals bordered with white. Large flowers about 1½ to 2 inches in diameter. Grows to 15 inches high. In bloom all summer. Large plants in quart cans at 15c each; \$1.50 per dozen.

The new Shasta Daisy Hybrids "Lacinatus," I secured from you are fine. They are creating quite a sensation at the Inn here. Frank J. McCoy, Santa Maria Inn, Mgr., Santa Maria, Calif.

Plumbago Larpenae—Splendid border or rock garden plant with sparkling deep blue flowers. Bloom from May till frost. Dwarf spreading habit. Height 8-10 inches. One of the finest, hardiest and most beautiful border plants in the country. Plant in full sun for best results. 25c each, \$2.00 per dozen. Perennial.

Henderson's New Pyrethrum Hybrids or Painted Daisies—Produce showy flowers of all shades, except blue and yellow, on long stems. Bloom all summer. Very valuable for cutting. Double and semi-double mixed. \$1.50 per dozen. Hardy perennials.

Evergreen Ground Cover Flowering

Hellanthemums—Sun Roses. Low spreading evergreen that are practically covered with dainty flowers from spring to fall. Hardy long-lived and easily grown plants. Excellent for sunny rockwork, front of borders, sides or tops of walls. I offer three colors: Double red, apricot and rich orange. 35c each, 3 for 90c; \$3.00 per dozen.

WM. H. HENDERSON'S NEW GIANT SHASTA HYBRID'S

"Lacinatus"

Shasta Daisy (close view) showing petal arrangement. See photo on right showing field grown plants of this beautiful new Shasta daisy. Also see description below photo on right.

"Snow Queen"—Shasta Daisy Hybrid. Flower lovers who saw this last year were amazed at the size and abundance of bloom of this variety. Large blooms on long stems 3 feet in length. Semi-double. Individual petals very wide. 25c each, \$1.50 per dozen. A greatly improved Alaska daisy.

"Supreme"—New Shasta Hybrid. Flowers 4 inches in diameter. Possesses 14 distinct layers of petals which when fully developed make the flower 3 inches in depth. It resembles a pure white zinnia. Grows to height of 30 inches. Good bloomer and excellent cut flower. 50c each.

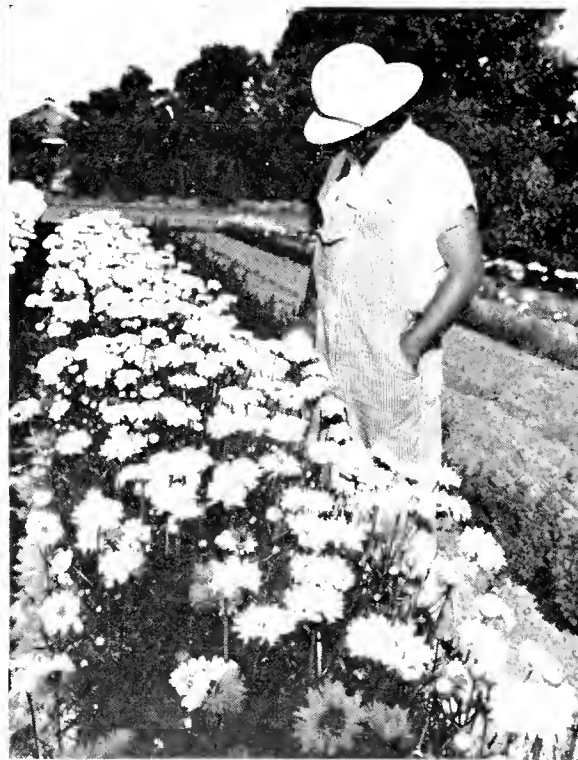

The above new daisies represent many years of hybridization and selection, requiring the growing of many thousands of individuals. They are superior to any offered elsewhere and will easily replace all older varieties when they are better known.

"Gigantea"

(See Above Photo)

The largest flowered Shasta daisy I have ever grown. Blooms well over 6 inches in diameter produced over the entire season. Semi-double in form. Possesses great substance and the most outstanding keeper of all, when cut, keeping almost two weeks. Stems strong and erect. *Wonderful new variety.* 50c each; \$3.00 per dozen.

"Lacinatus"

New Shasta Hybrid. A very beautiful new lacinated daisy. Large 4-inch flowers that carry a large number of petals, the ends of which are finely cut. Plants are vigorous, growing to 3 feet in height and bloom over a long period. Excellent cut flower. The best of its type ever grown. Divisions from original plant 50c each; \$3.00 per 12. Not less than 12 at this rate.

"Sun-Ray" Shasta—Flowers 5 inches in diameter. Larger than Lacinatus and of similar form except the bottom row of petals are flat. A very beautiful new form of Shasta hybrid. 50c each; \$3.00 per doz. One of my personal favorites.

SPECIAL COLLECTION

Special collection of above varieties one each except the new "Supreme," \$1.75 prepaid. Value purchased separately, \$2.25. Five varieties included in collection.

W. H. HENDERSON'S GIANT ZINNIAS

(Illustrated Above)

Wonderful rich color combinations never before seen in this type of zinnias. Enormous full double flowers rivaling dahlias. This strain is unique in that no two individuals are alike in color or type. Many new types are semi-cactus, crested and the new chrysanthemum flowered type. Colors including old gold, salmon, golden yellow, orange, scarlet, dark velvet, crimson, lavender, light and deep pink, with flame centers. They represent the very highest development stage of the modern zinnias. Seed offered only in mixed colors (above 150 seeds in pkt.) 50c pkt.; \$1.25 for 3 pkts. No half-packets offered.

The Zinnias described above are the result of twelve years of constant selection and crossing. Anyone who has ever seen these in bloom needs no introduction as to their superior colors and size.

New Dwarf Bedding Zinnias

After several years of selecting I am able to offer this superb new strain of zinnias. They grow about 15 inches high and produce quantities of flowers. These flowers are unexcelled for bedding purposes. They are semi-quilled, curled and twisted forming a unique and informal flower. Color is a deep salmon-rose and copper with centers of a deeper hue. 50c per packet.

Mexican Sunflower—A rare annual from Mexico. Many stout stems grow from the base with large leaves. The flowers are large and remind one of an immense single dazzling scarlet zinnia. Blooms for a long period and is especially desirable for planting in front of tall shrubs or in the background of wide borders. 25c per packet.

Scabiosa Fisherii—Splendid new species from Manchuria. Large deep purplish blue flowers. Much richer color than any other perennial type. Grows to 3½ feet. Admirable for cutting purposes. 25c pkt.

Dwarf Phlox—Annual of easiest culture. Do not transplant. Height 24 inches. Beautiful variety of colors. Very effective in masses. 25c packet.

Convolvulus Minor—A beautiful dwarf bush type of morning glory seldom exceeding 15 inches in height. Flowers of deep gentian blue with contrasting white center. 25c packet.

New Hollyhock—Orange Prince—Very pleasing. Flowers are large and durable. Color deep orange. Strong plants 25c each.

New Hollyhock—Golden Giant—Very large durable flowers of pure yellow. Tall and vigorous. Very striking. Plants 25c each. Seeds 25c packet.

Burbank's Crimson Morning Glory—Beautiful large blossoms of bright crimson. Very prolific bloomer. 25c packet.

Darwin Poppy—A tall growing annual producing large purple blossoms resembling huge purple Tulips. 15c packet.

Marigold "Dixie Sunshine"—A late blooming tall growing annual. Flowers 2 inches in diameter. Very durable. Resembling a formal mum. Color pure gold yellow. 15c packet.

Burbank's Amaranthus "Molten Fire"—An easily grown annual growing to height of 4 feet. Foliage striking deep maroon developing centers of vivid fire red. Sow after danger of frost. 25c packet.

Scabiosa "Blue Cockade"—Splendid new biennial from England. Very large flowers of an exquisite shade of azure blue. Blooms entire summer. Long stems. Excellent keepers. Seeds, 25c packet.

Godetia (Annual Azalea)—Wonderful annuals. Sow seed in fall. One of the best cut flowers. Blooming over a long season. Will last longer in bloom in the spring, than any other hardy annual. Colors: Orange-salmon, pink and white, pure white, dark red, salmon rose and pure rose. Per package 25 cents.

SEEDS

"Orange Flare" Cosmos—Splendid new annual. Blooms in 90 days from seed. Flowers 2½ inches in diameter, and of a bright orange shade. 15c pkt. Three for 35c

New Calendula "Chrysantha"—Flowers are pure buttercup yellow, and extra large. Very long stems. Chrysanthemum flowered. Our strain has been carefully reselected for color, size and general vigor. 25c per pkt.

Calendula "Supreme"—The largest and most perfect of all true orange varieties. Long stemmed and an excellent keeper. 25c per packet.

Perennial Pea—Burbank strain. This variety is not surpassed in abundance, size flowers, length of stem, or variety of colors. 25c per packet.

New Yellow Hibiscus—Annual. Produces very large canary yellow flowers with maroon centers. Blooms five to six inches across. Very beautiful and has long blooming season. 25c per pkt.

Mexican Tulip Poppy—Perennial. Blooms from May until frost. Canary yellow tulip-shaped flowers with fluted edges. Flowers keep a week even when cut in mid-summer. Height thirty inches. 25c per packet.

California Poppy "Scarlet Beauty"—Very effective for border and mass effect. Blooms most of the summer. A bed of these is more effective and lasting than a bed of tulips. 25c per pkt.

New California Poppy "Ramona"—Glittering coppery gold with pink and orange shading. Frilled petals giving a semi-double appearance. Perennial when watered throughout summer. 50c per packet.

New Hollyhock—(W. H. Henderson's Double Apricot Shades)—Large flowers up to 6 inches in diameter exquisitely blended shades of apricot orange on graceful stems 4-6 ft. long. Edges of petals lacinated and ruffled making a marvelous transformation of this popular flower. Seed 25c pkt. One year roots, \$1.50 per dozen; 25c each.

Shirley Poppy—"W. H. Henderson's Art Shades". Easily grown annuals embracing many orange, salmon and light and dark pink shades. Flowers are semi-double, and contain beautiful new color combinations. Packet 25c.

W. H. Henderson's New Gypsy Zinnia—A most unusual new and distinct type of Baby Zinnia. Flowers are double and semi-double about 1 inch in diameter. Colors included are mahogany red, ruby red, copper and crimson zoned and tipped yellow and white. Admirable for bedding purposes as plants possess an entirely different range of colors and are not comparable to any other class. 50c per packet.

Henderson's Baby Zinnias—Plants low and compact rarely exceeding 2 ft. in height. Excellent for bedding purposes. Flowers are small and produced in great profusion on long stems well above foliage. Make gorgeous display in the garden. More delicate and graceful for small bouquets than other zinnias. Mixed colors only 25c pkt.

W. H. Henderson's New "Fiesta" Zinnia (Illustrated in Natural Color on Front Cover of this Catalogue.)—Beautiful new creation. The most astonishing new variety and a distinct break in two colors. Individual flowers 1-1½" in diameter. No two flowers, even upon the same plant, are ever alike. Admirably adapted for cutting and bedding purposes. Height 18-24". Colors are vivid yellow striped, quartered and halved with scarlet and orange. Makes one of the most attractive cut flowers because of the individuality of each blossom. 50 cents per package.

"Maid of Gold"—A remarkable sport of the famous climbing Golden Emblem. Color is richer and plant more vigorous, and will stand up under heat better than its parent. \$1.00 each, prepaid.

A New Mildew Resistant Giant Zinnia

W. H. Henderson's "Comet" Giant Zinnia (Mildew Resistant.) Illustrated above.—This remarkable new strain was developed after many years of experimentation. It is not only unique in the color combinations produced but decidedly different even in the color and form of the foliage. A **distinct sport** in this popular flower. The foliage is dark green and twisted at the ends, and is as different as possible from the ordinary zinnia foliage. The leaves are long and **semi-shiny**. Very large, fully double flowers with colors—copper, orange, cream, yellow, crimson, lavender and cherry-red. One of the most remarkable strains ever developed in this annual. Petals of the flowers as well as the leaves are curled and twisted. 50 cents per package.

W. H. Henderson's New Rhubarb "Giant Hybrid"—Largest stalks and leaves of any known variety. Possesses a rich berry flavor and is a great improvement over older varieties. Sweetest of all rhubarbs; requires but half the amount of sugar generally used in cooking other varieties. Stalks 1½ inch thick and 2-3 feet long. Divisions 50c each; 12 for \$3.00.

New Asparagus "Quality"—All growers are unanimous in their praise for this tender deliciously flavored, productive asparagus. By all means the finest variety ever offered to home gardeners. Pkt., 25c; ounce, 75c

Burbank Tomato—Fruit crimson red; medium size with thick solid meat. It is an unusually heavy and continuous bearer. This tomato has one highly convenient quality in that the skin peels freely from the rich firm flesh. The finest tomato in quality. Pkts., 20c; 3 for 50c; \$1.00 per ounce. Earliest of all tomatoes.

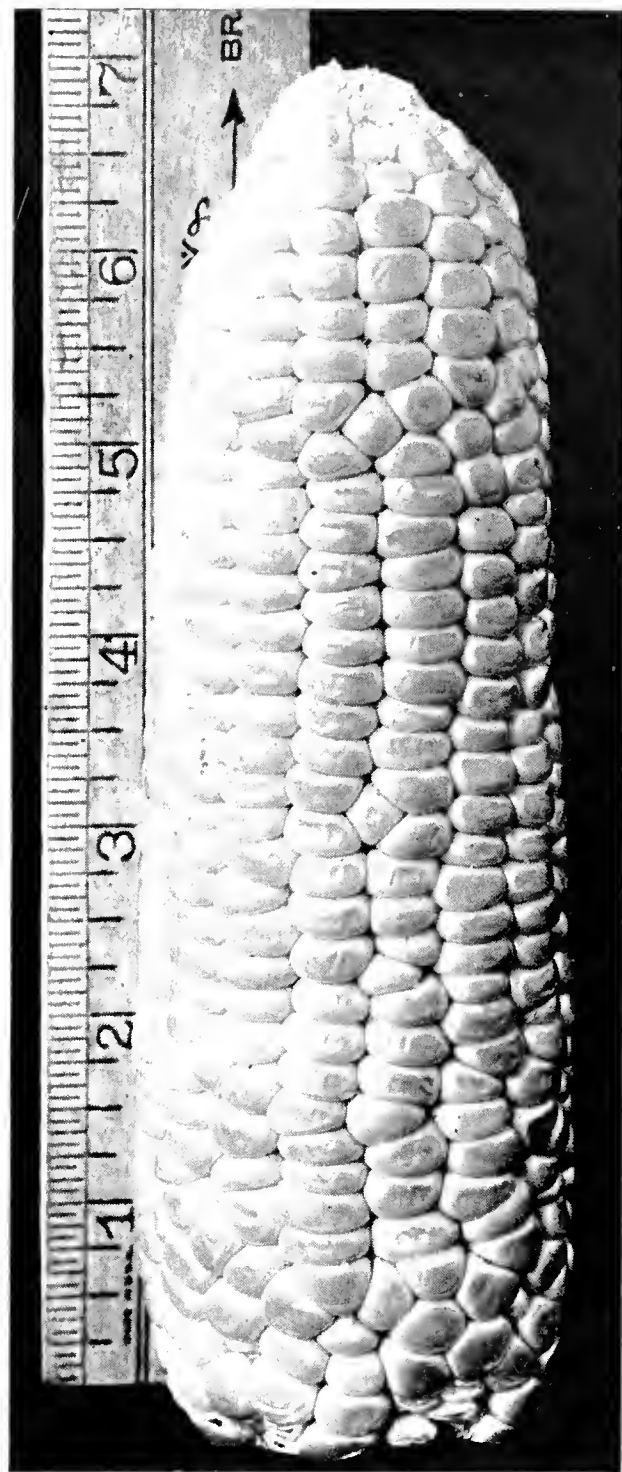

SEEDLESS MUSCATS

Announcing New Grape Varieties—After many years of hybridization and selection, requiring the testing of thousands of hybrids my efforts to develop a seedless grape possessing the flavor of the muscat have been successful. (All stock reserved for propagation). Announcement of introduction will be made as soon as sufficient stock is available for **large distribution**.

No. 28—Medium large berries—firm flesh, ripening 10 days earlier than Thompson's seedless. Rich muscat flavor. Bunches well set; wide shoulders; good shipper. Absolutely seedless. Clear yellow berries. **Not for sale in 1938.**

No. 23—Strong distinct muscat flavor with firm flesh. Seedless medium sized bunches. Bears 2 distinct crops. Very early, 10 days earlier than Thompson seedless. **Not for sale in 1938.**

No. 210—Berries very large, 1¾ inches long; looks exactly like a girdled Thompson only 3 times larger. Flavor very fine. Should make an excellent home grape or table grape. Long loose bunches. Flesh firm. 1 or 2 seeds per berry. Bunches very long. Mid-season bearer. Very firm flesh. Yellowish when ripe. Very beautiful bunches. \$1.00 each.

New Sweet Corn "Abundance"

New Sweet Corn "Abundance"—This new sweet corn was first offered to the public in 1930. Reports from various sections throughout the country are very enthusiastic in its praise. After selecting and inbreeding the familiar Golden Bantam sweet corn for many years, the variety "Abundance" was produced. It is fully twice as productive as its parent, bearing 14-16 rows of kernels to each ear. The kernels are unusually large, and cobs are small. It is an early variety, and can be grown successfully where other varieties fail. 25c packet; 75c per pound; 10 pound lots at 50c per pound.

Special Iris Collection

In order to acquaint my customers with varieties of bearded iris originated here, I am offering a special collection of my best creations. We have found these collections to be very popular in the past and hope that persons interested in iris will take advantage of this opportunity. See bottom of page 4. These may safely be planted from August until February.

Four Splendid Climbing Roses

French Hybrid Tea—Climber. Color darkest of all red roses; deep scarlet overlaid and tipped black. Fine form. Has the appearance of a full double camellia bloom. Fragrance wonderful wine-like aroma. Unlike any other rose. A splendid fall bloomer. \$1.00 each.

Climbing Dame E. Helen—Rose pink. 75c each.

Climbing Lord Charlemont—Velvet red. Unusually beautiful. 75c each.

Mermaid—Climber. Disease resistant, everblooming rose. Single rose of primrose yellow. 75c each.

Rose Specials

All 50c varieties will be supplied at 5 for \$1.00. All other varieties are priced net. California customers add 3% for State Sales Tax.

Photo showing various Henderson's Hybrid Shasta Daisies. See page 19 for further information.

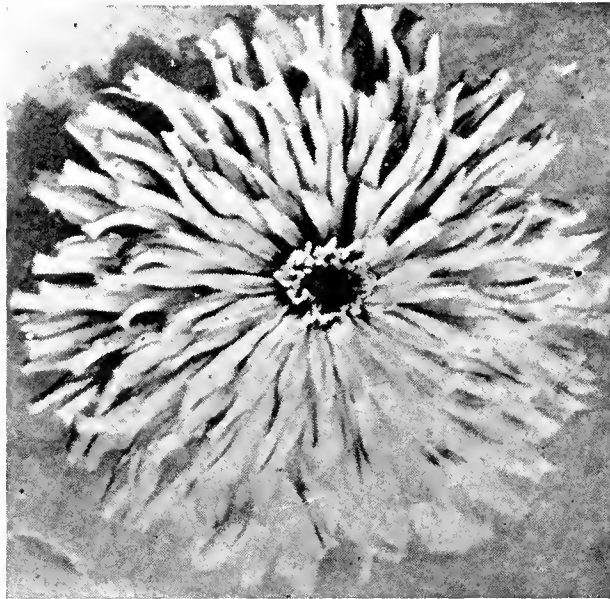

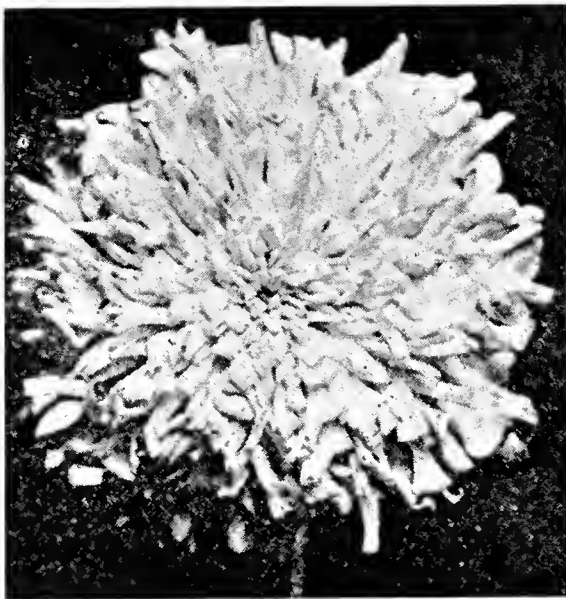

Iris Japonica—Gigantea

(Drawing Above)

Gigantea—A beautiful orchid-like iris, imported from the Orient. Flowers medium size, white with yellow throat heavily dotted with ring of bright blue dots. Each petal is heavily fringed or lacinated. Grows to 3 feet in height, with beautifully varnished foliage. Valuable for shady or half shady locations. Plant carries as many as 40 flowers on a single flower spike. The most orchid-like iris in flower, shape and color. Likes moisture. 50c each; 3 for \$1.00; 12 for \$3.00.

New Variegated Iris (German)—A beautiful plant with foliage striped cream and white over a rich green base. Gives same effect as New Zealand Flax but is more dwarf in habit. It bears soft blue flowers of medium size on 30-inch stems. \$1.00 each.

Two pictures of single Giant Zinnia Blossoms showing Hybrid types in our strain. See Page 20 for complete description.

NEW FRUITS

New Nectarine "California Gold"—A Hybrid between a Muir Peach and a white Nectarine. Possesses rich yellow flesh and a flavor unequalled by any other variety of stone fruit. Has firm flesh, but berry juicy. Perfectly smooth skin that is crimson blushed yellow. I recommend it as a new fruit possessing unusual qualities. Not as tart as most nectarines, but much sweeter. Young trees one-year stock \$1.50 each. Stand shipping better than the ordinary nectarine due to the firmness of its flesh.

Chinese Dwarf Lemon—A unique variety not exceeding 7 feet. Produces enormous quantities of fine well-flavored fruit. Excellent where space is at a premium. 50c.

New Apple X Pear Hybrid—A very large fruited variety—half apple and half pear shaped like a large apple. Color greenish yellow with small russet spots. Ripens in Sept. and Oct. Flesh pure white, very firm and exceedingly fine in texture. Unusually delicious. Fruit solid and heavy. Practically

seedless and coreless. Trees \$2.50 each. Grafting wood at \$1.25 per ft.

New Plum "Redwine"—An exceedingly large fruited variety possessing rich, firm flesh. Freestone. Skin does not crack. Splendid keeper. \$1.50 each. One of the largest plums ever grown.

Two Rare Flowering Crab Apples

Maius Ming Shing (Star of Heaven)—Weeping red flowering crabapple. Small tree or shrub. Color of flowers is velvet red creating a scarlet sheen when sun shines on the tree. Very Oriental in its splendor. Trees 4 feet in height. \$2.00. Rare.

Maius Hopa—A beautiful flowering crab apple. Large rose colored blossoms produced over entire tree. Stems of blooms may be cut well over 3 feet in length. Yellow apples in fall cover the entire tree. 4 to 6 feet, \$2.00. Prepaid.

During the past twelve years I have grown and tested over twelve thousand iris hybrids. Tests have also been made of the finest iris varieties from all over the world. From the many thousands of hybrid iris tested, I have selected twelve new varieties that have proven themselves superior in their respective color classes. Most notable advances have been made in the bronze, copper and peach colored types such as Irene, Copper King, Monte Cristo, Copper Sheen and Sunset Glow. Our outstanding creations in blues are Lillian Rowell, Royal Blue and Carolyn Cory. In plicatas the new Mrs. K. S. Battelle and Mrs. G. Smith are particularly outstanding. Each producing mammoth flowers. A new type being a cross of iris Susiana and El Capitan is unusually beautiful. "Lavender and Old Lace".

Dwarf Evergreen Hedge

Euonymous microphylla—A dwarf variety with small dark green foliage. Fast grower and very hardy. Makes a fine dwarf hedge for edging purposes. Plant a foot apart for best results. Strong plants, 5 cents each or \$3.50 per 100. Prepaid.

NEW ROSES FOR 1938-39

New Baby Rose "Snow White"—One of the most unusual roses ever grown. Producing miniature perfect flowers with buds about 1½ to 2 inches long. Very double flowers with 32 to 36 petals. Buds long tapering and pointed similar to Lulu in form but much more double. Flowers possesses a most unusual lemon fragrance. A sport of the famous Talisman rose. A perfect flower produced over entire summer. \$2.00 each.

New Everblooming Bush Belle of Portugal—(Wm. H. Henderson's Originations) A distinct new sport from the well-known climber producing over the entire rose season. The flowers are borne singly on long stems, frequently 30 inches long. Color is a soft rose-pink shaded with salmon. Has the same fragrance as its parent. As vigorous as the President Hoover. \$1.00 each.

Miss Barbara—Bush polyantha. Ever-blooming habit. Flowers and buds similar in form to Cecile Bruner. Color coral-red shaded yellow. \$1.00.

Scarlet Bedder—Beautiful long pointed buds on long stems. Very prolific. 75c each.

NEW BUSH ROSES

Alice Harding—Beautiful new never-fading yellow variety. Very hardy and a masterpiece. Borne singly upon long stems. \$2.00 each.

Alezane—Bud urn shaped, large reddish brown opening to sorrel, unfurling from sorrel to rich apricot. Vigorous. Dark green foliage. A striking novelty. \$1.25 each.

Jean Cote—Large ovoid bud of deep brownish orange. Mammoth bloom. Color solid orange, almost brown. Borne singly upon long stems. \$2.00 each.

McGredy's Triumph—Large pointed bud cerise over shadowed orange opens to brilliant pink and cerise overlaid amber toning to a wide yellow center. Vigorous. \$1.50 each.

Princess Von Orange—A dazzling new color in climbing roses, branches literally covered with masses of brilliant orange scarlet flowers. A climbing Glori Mundi. \$1.00 each.

Rome Glory—A cross of Dame E. Helen and Sensation. A perfect crimson red Dame E. Helen. Long lasting when cut. The finest new red rose. \$2.00.

Texas Centennial—A sport of President Hoover with all its wonderful qualities. Color is blood red, toning to cerise red in center. A very fine rose. 75c each.

Ronsard—A new type of bedding rose of most unusual coloring. Bud is yellow but gradually the edges of petals curl back and show deep scarlet red inside. Medium sized flowers produced in great quantities throughout season. One of very few hybrid roses containing Rosa bicolor blood. Blooms like a hybrid tea. \$1.50 each.

Mary Hart—A marvelous new rose. One of the most outstanding of all red roses. It is an improved Talisman. \$1.00 each. (Red Talisman).

Countess Vandal—Long buds with rich blend of pink, copper and gold, produced on long stiff stems. \$1.00 each.

Matador—Large full well-formed scarlet crimson with darker reverse. Very fragrant and vigorous. Splendid new dark red. \$1.25 each.

Victorla Harrington—Pointed buds of dark red opening to splendidly formed flowers of non-fading velvety dark red. Color is held until petals fall. Spicy and intense fragrance. Strong grower. 75c each.

Ville de Paris—Lasting sun flower yellow; deeper at center and base. Flowers well-shaped; double buds and flowers. 75c each.

Red Hoover—An intensified sport of President Hoover rose. Red shades predominating. 75c each.

Blarney—A climbing Irish Charm. Long tapering buds of blush pink toned with golden apricot. Very beautiful. \$1.00 each.

Etolle de Holland (Climbing)—A climbing sport of one of the best dark red bush roses. Very fine. 75c each.

Climbing Dainty Bess—Single rose pink flowers with wine red stamens. 75c each.

Eclipse—A splendid heat resiting yellow bush rose. Buds very beautiful and produced on long stems. \$1.50 each.

McGredy's Yellow—Large bright buttercup yellow flowers of perfect form. Fragrant. Vigorous grower. 75c each.

Max Krause—Large high centered flowers Very double and golden yellow. Unusually beautiful variety. 75c each.

Cl. E. P. Thom.—Rated as one of the best yellow climbing roses. Color a pure yellow and very double. Profuse bloomer. 75c each.

BUSH ROSES

White Killarney—Large white and intensely fragrant, each 50c.

Mev. G. A. Van Rossem—Buds are yellow veined with brownish-orange. Flowers fully double. 50c each.

Condessa de Sastago—Copper and yellow. Richest colored rose ever produced. \$1.00.

Florence Izzard—Pure canary yellow; free-bloomer; very beautiful. 75c each.

Victory—Wonderfully large flowers; long pointed buds. Long stems. Crimson and scarlet. 75c each.

E. G. Hill—Large lasting scarlet, shading deeper as they develop. 50c each.

F. J. Looymans—Large last full cup shaped flowers of Indian yellow. 50c each.

Irish Fireflame—Large single; deep orange to old gold. 50c each.

Lady Margaret Stewart—Large deep yellow flushed orange red. 50c each.

Rose Specials

All 50c varieties will be supplied at 3 for \$1.00. All other varieties are priced net. California customers add 3% for State Sales Tax.

Mrs. John Bell—Wonderfully formed buds, salmon pink. 75c each.

Los Angeles—Double luminous coral-pink. Tone gold at base. 50c each.

Lula—Beautifully formed buds of coral rose. Best formed of all bud roses. 50c.

Marcia Stanhope—White, ever-blooming. Very fine. 75c each.

Mme. Paul Ollivary—Coppery salmon; long well-shaped buds. 75c each.

Mrs. Sam McGrady—Very attractive; coppery orange flushed red. 75c each.

President Hoover—Medium, orange shaded cerise. Fine stems. Perfect buds. 50c.

Talisman—Vigorous upright; rich golden yellow and scarlet combination. 50c each.

Wilhelm Kordes—Deep golden yellow with copper and red tints. Beautiful. 50c each.

Duquesa De Penaranda—Outstanding blend of apricot-orange and pink. 75c each.
American Pride—An exquisite new white hybrid tea, each \$1.00.

Duchess of York—Well-formed buds of orange and yellow. 75c each.

Irish Charm—Buds especially beautiful, long and tapering, blush pink, toned apricot. 75c each.

Western Gold—A clear yellow Talisman. Attractive variety. 50c each.

Wm. F. Dreer—The most beautiful of all apricot and pink combinations, fine buds, 50c each.

POLYANTHAS OR "BABY" ROSES

Cecile Brunner—Dainty clear pink with yellow center. 50c each.

Golden Salmon—Bright salmon orange. 50c each.

Tip-Top—Dainty flowers Cecil Brunner shaped; yellow and white tipped rose. 50c.
